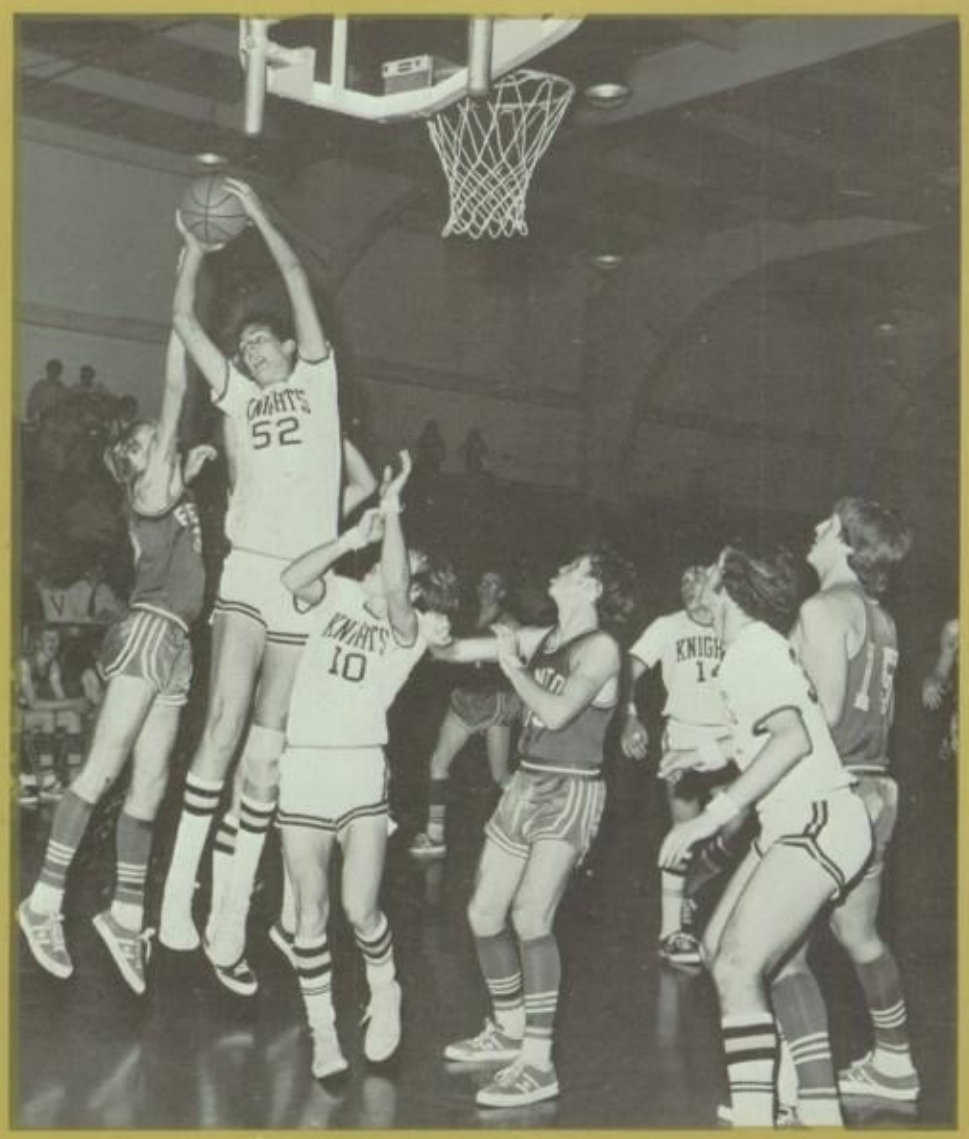
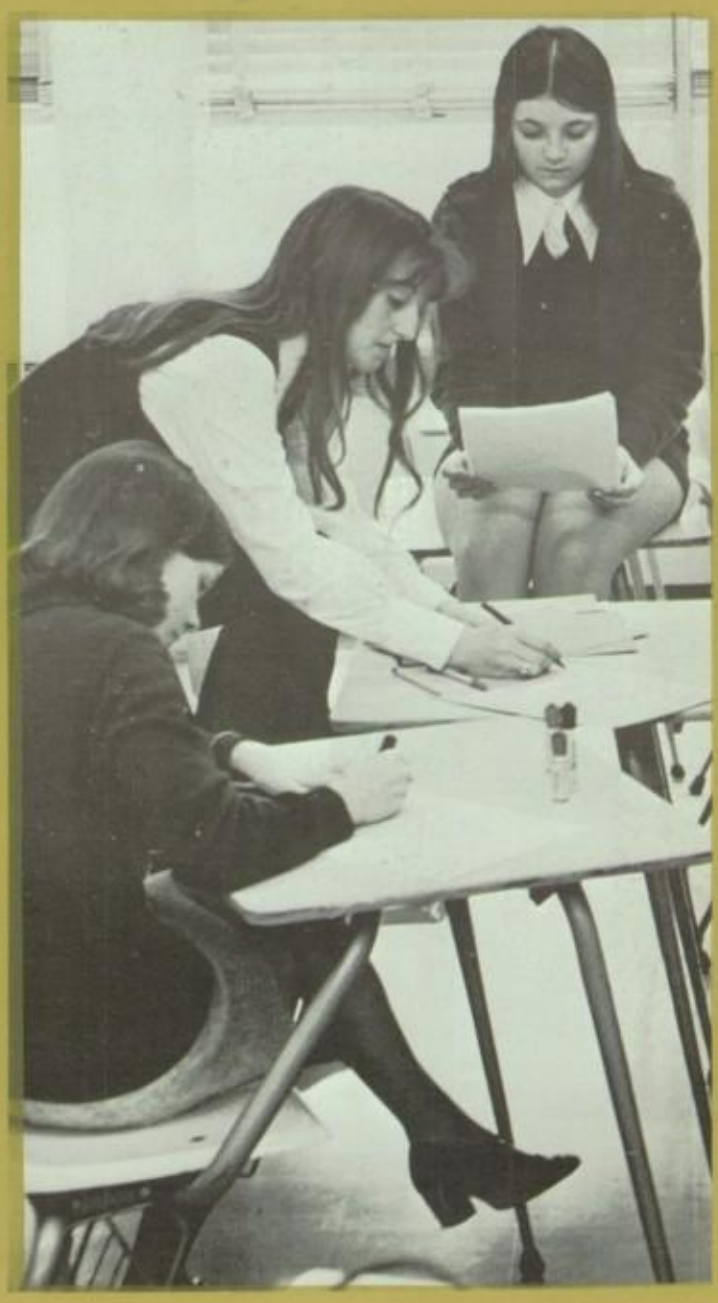
VOLUME XIV OF SHIELD

Everyone looks back on his life
at one time or another with pride.
Pride reflects different things
in each person
because of the variety of interests
that we have.



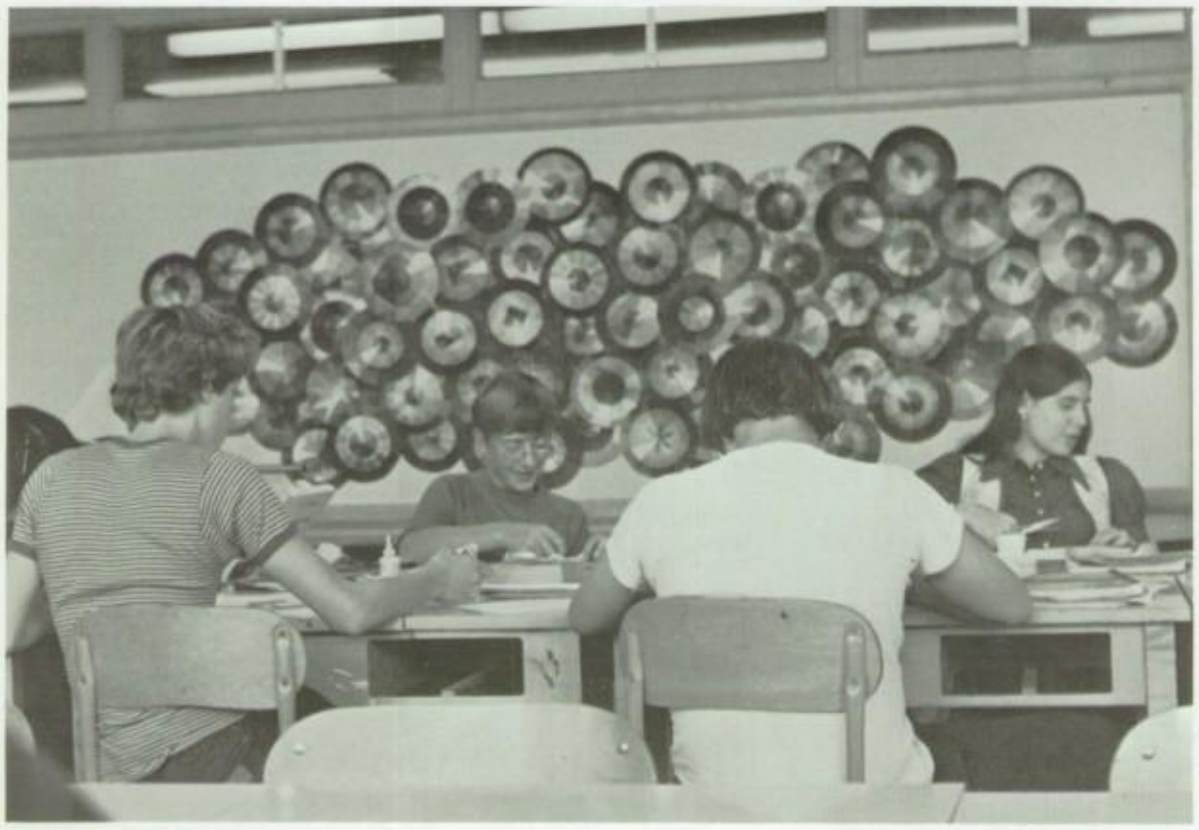


ABOVE RIGHT: The basketball team along with all the other sport teams were full of pride. **ABOVE:** Scholastically, Carolynne Brieschke and Darlene Baker are two of the girls in the top twenty of the senior class. **RIGHT:** Student Council members, Kathy Kvistad, Geri Ryan, and Dorsey Holt work together to make Homecoming a success.

Pride starts to form
at an early age.
Our parents take pictures
of us
to remind them
of the happy
and unexpected events
that occurred
during our lives.
We dreamed
of what the future
would bring.
Would we be
star football players,
teachers, artists,
or what?
We wondered
if we would achieve
our goals.

ABOVE: Cindy Socha neutralizes an acid by adding a base into a test tube. **RIGHT:** Brenda Voyles and Debbie Benevolent silk screen during a printing class.

But pride is exhibited
in different ways
by different people.
Most of us have classes
which involve work
but we have fun in them
when we accomplish a goal
we set.
Some are in Choir,
and take pride in singing
the "Messiah" each year
and this year
in the making of a record.
And just think of the time
when you received
your class ring.



ABOVE RIGHT: Miss Clark, the history student teacher, discusses American History with Sandi Perro and Barb Dooley. **ABOVE:** Future artists sit in front of an art exhibit in their classroom. **RIGHT:** Barb Dvorak is totally engrossed in the study of the Spanish Language.

On spirit day
when your class
won the spirit stick,
you walked with pride
around the knight emblem
by the main stairs.
And when you finished
that ten page term paper,
there was pride
in knowing that your report
was well done.

ABOVE LEFT: Members of the senior class prepare their hall for Spirit Day. **LEFT:** Mr. Schnitz helps Laura Argentino prepare her report. **ABOVE:** Rick Johnson and Raul Valdez discuss one of their projects in Mechanical Arts.

In Ceramics I,
your pinch pot
was chosen
to go
in the auditorium showcase.
And you did go back
to chemistry
after you blew up
your test tubes.

ABOVE RIGHT: Pam Rathunde and chemistry partner Bob Krakoske ponder over their experiment and its results. **ABOVE:** One of the art examples in the cases by the auditorium. **RIGHT:** The cafeteria Christmas tree stayed together with the help of some of the students.

And just to know
that the school is better
because of you,
brings a warmth
to your heart.
As you take on every day
as a new challenge
you will find
days of happiness
and, unfortunately,
some of sorrow.

The Marching Band,
led by Drum Majorette Donna Ducay

took pride in presenting their routines
during the half time of the football games.
There was Pride in thinking
that perhaps
we might be the one
that the student teacher
will never forget.

When speakers came to talk to us,
we asked questions and received
qualified answers.
If we were in doubt
whether to include
a certain phrase in our papers,
we asked our teacher.

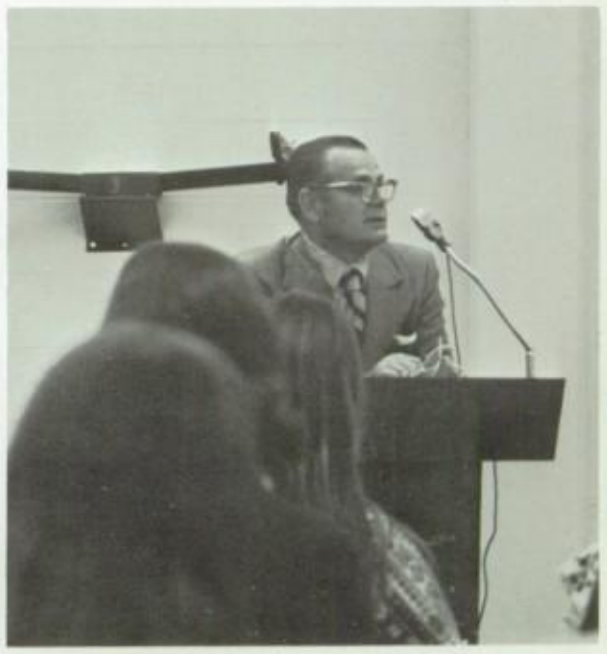
Teachers exhibit pride
by attending non-mandatory meeting
and conferences
to learn better methods
of teaching
and communicating
with the students.
We sometimes
take on special projects,
such as making
papier mache' heads
of our teachers.

ABOVE RIGHT: The papier-mache head of Mr. Allison gazes over two members of the Spanish IV class. **ABOVE:** Everyone heads towards the main doors when the music begins. **RIGHT:** Dr. Brickman lectures students on the medical professions.



So we have gone
through another year,
growing, learning, getting to know
both teachers and fellow students
a little better,
and living an experience
which will help mold
our future years.
PRIDE has played
an important part
in this growing year
and our PRIDE is something
that will continue to live.

Faculty and Administration

PRIDE enables every student to pursue his interests, individually or in groups. With the aid of the administration and teachers, a student can fully achieve his self-set goals. Through effective scheduling of classes and time, students can accomplish much in their four years. Every student takes English, math, science, and history as a minimum of subjects, but these can be enlarged upon to contain specific course topics such as African history, acting and directing, and physics. With a teacher, a student can take a course on "contract" where he does the course on his own time. This is very effective if the student has enough initiative and pride to achieve the goal he set in the taking of this class. The student body as a whole can do wonders with the scheduling they have and the courses they choose. It is the hope of all involved with this and every other school district, that the students take advantage of the multitude of resources available in the school and in the community. It is important that every student continues throughout his high school years to form ideals and goals for his own life. With the completion of high school, students should be prepared to face all the difficulties and joys that adult life holds for them.

Administration Modifies Scheduling

Dr. J. S. Jerome recently acquired his doctorate in education. He has been in the Leyden system for the past 21 years. The 1972-73 school year initiated a modified version of modular scheduling. This version, under the guidance of Dr. Jerome, has increased classroom time and student-teacher contact time. Students use the time more beneficially. The principal's responsibilities are many, some of which include being chairman of the Department Chairman's Advisory Council and the chairman of Operational Advisory Council. Dr. Jerome is the president of the Des Plaines Valley League of Control. Approving of the selection of club sponsors and carrying out business involved in the handling of requests for professional travel are also duties of the principal. He also acts as the official building representative for press releases on school programs. In Parent Club activities, Dr. Jerome is the primary consultant. He also acts upon field trip requests which must go before the Board of Education for approval. Dr. Jerome and the Administration hope this year was a successful year.

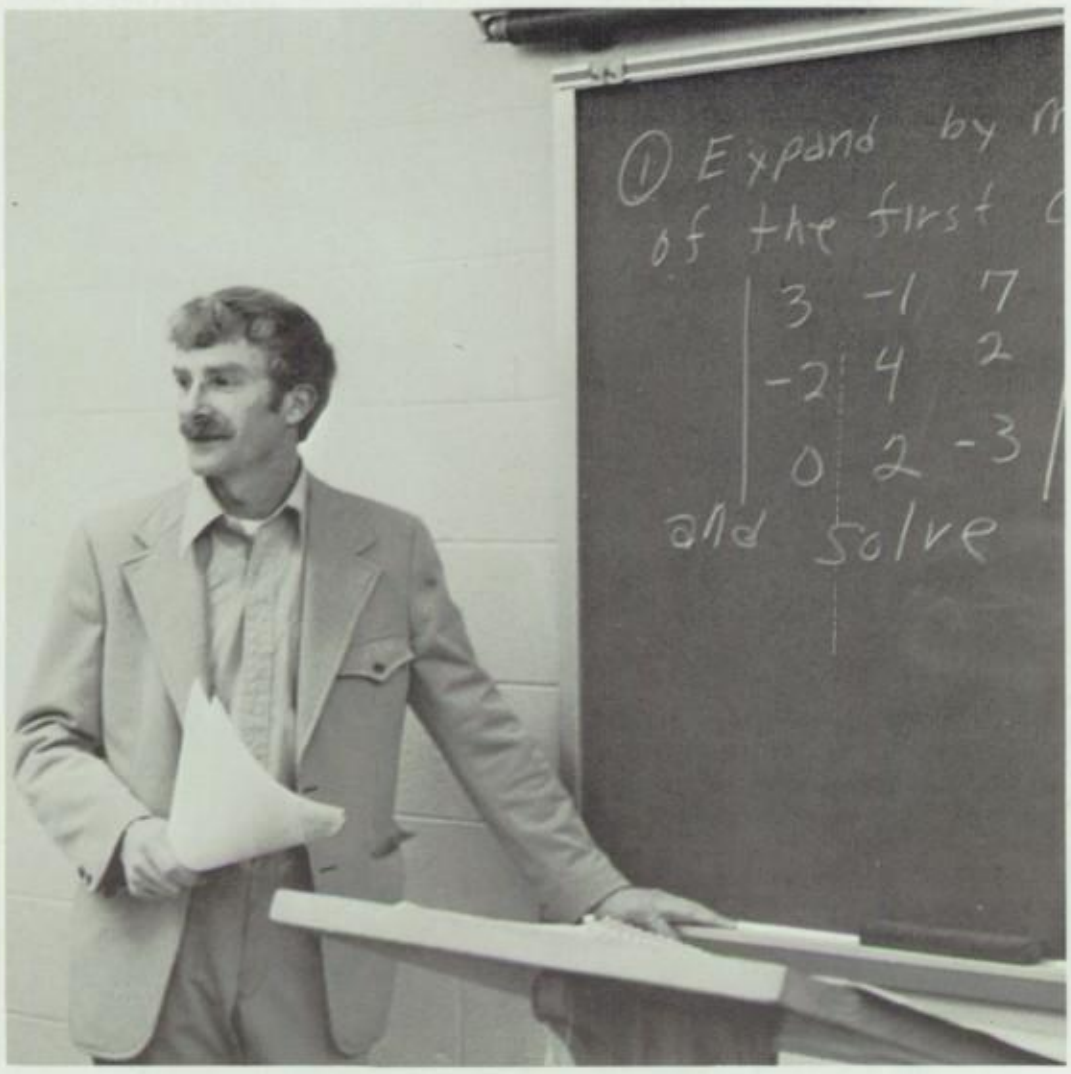
Guidance Department

The Guidance Department approved of the new scheduling, modified modular scheduling, except for a few "bugs" that would have to be corrected. There was not any assigned Guidance time as in previous years. There was less time for counseling and it was harder to contact the students because of early release and late start.

Mr. Reitzel, the head of the Guidance Department, said that there were roughly 200 students in the offices everyday. One of the major problems of those students was truancy. When they were called down to the guidance office for a conference, they sometimes did not show up, therefore making it harder for themselves.

There were six counselors including Mr. Mennemeier, the college counselor. The percent of students that went to college out of the class of 1971 were 21% for a college or university, and 34% for a junior college. Mr. Reitzel does not think a college education is essential to every student. According to him, society should provide a better education for those not attending college——those people who do not have a job that requires a college degree.

Mrs. Acker looks on as her foods class prepares Christmas cookies.



"So to put it simply 2+2=4."

Industrial Arts

The Industrial Arts Department, headed by Mr. Fred Schmidt, plans to develop a growing awareness of the methods and problems of industrial life. New objectives are being incorporated into the curriculum. There is some new equipment for the woods classes. A new class is being proposed for the department called, "Introduction to the Plastic Industry." In this class the students would make molds, to form moldings, and press molds, as well as other plastic processes. Other than the woods class, the Industrial Arts Department offers classes in electricity, printing, graphic arts, and autos.

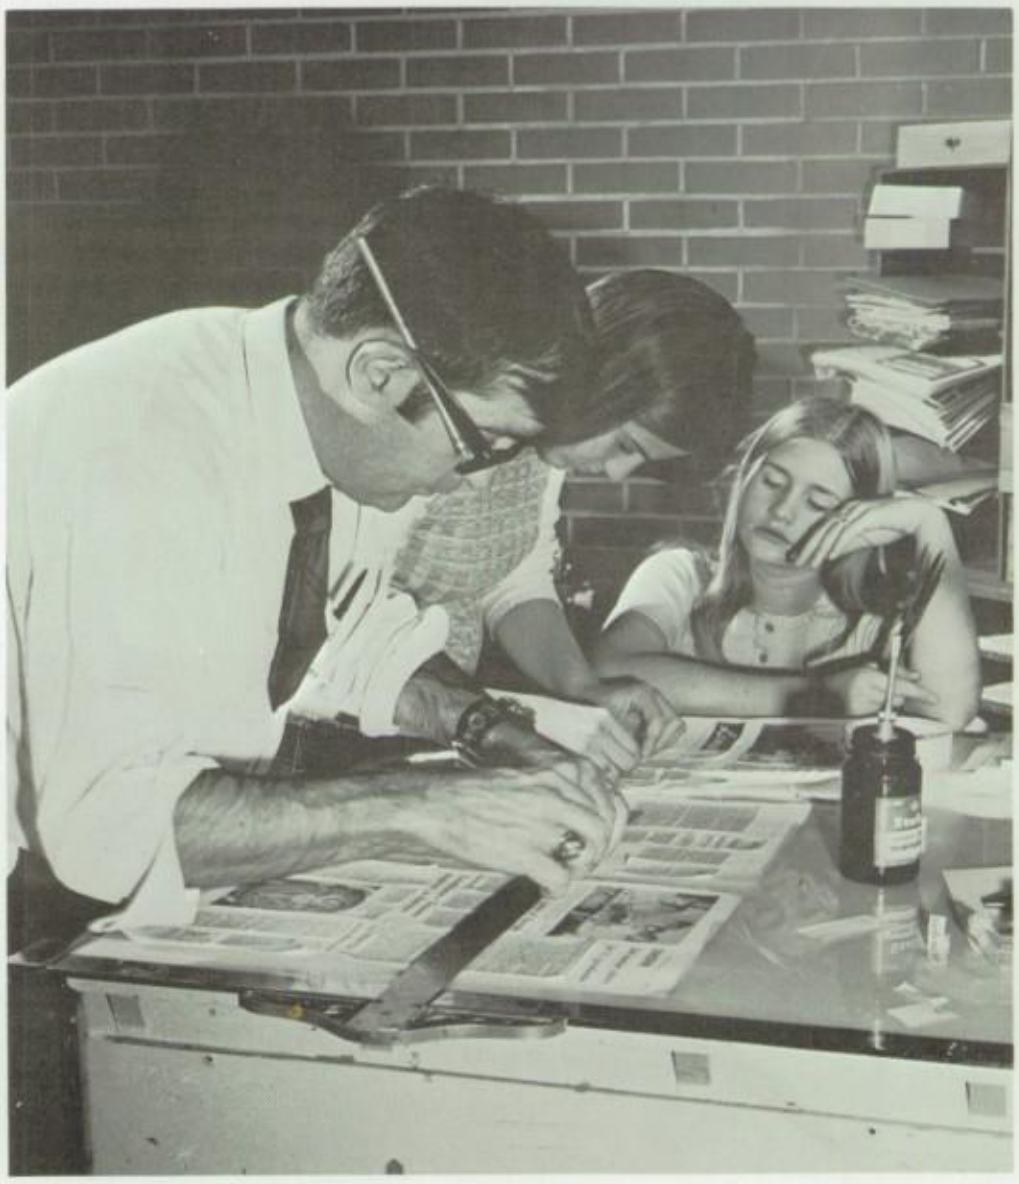
Language Department

The Language Department helps the student to converse in and understand the culture of a foreign language. The faculty members, teach the students to speak by using new methods of teaching such as the new conversation course in Spanish and the tapes in the language lab. The teachers are also helped by the Amity teachers. These teachers, natives of foreign countries, help the students to improve their accents and learn the customs of the country. The Amnity teachers this year were: Carlos DeLeon from Uraguay, Josef Osteried from Germany, Fresia De Vidaurra from Bolivia, and Vincent Boutin from France. The Language Department and the language clubs finance this project.

Mr. Heafey works on the Lancer with some of the staff, Candy Russo and Karen Wekony.



Mr. Koval gazes over the experiment set up by his physics class.

Special Education

The Special Education Department is designed to help the educable mentally handicapped pupils who have never had the chance to be helped individually. This is where he can work out the problems he has, such as emotional difficulties, speech problems or learning problems. There are also counseling classes where the students get a chance to work out their problems, where special education teachers have a chance to help their students' individual problems, whatever they may be. From the time he is a freshman to the time he is a young adult going into the world on his own, this department shows the student responsibilities. There are special work programs. As a freshman he goes into different workshops. Each student is experiencing work in or out of school. By the time he is a senior, he is ready for a full-time job.

Music Department

This year the Music Department performed in several events. The choir had eight performances before Christmas compared to the usual four or five. They also cut a Christmas album, which featured all the singing groups. The band worked very hard for all of our concerts and their performances marching at games.

Orchestra is getting larger by the year. This year there are twenty strings plus the brass from the band. Next year Mr. Glover expects at least forty strings. In the spring the Music Department combined for the musical which was **Fiddler On the Roof.**

Social Studies

Two new courses were added to the Social Studies curriculum, Asian History and Latin American-African History. The emphasis of these two classes are on culture, literature, and art.

Being a national election year, the political science class organized and ran a mock election and the senatorial, whose results were very close to the national percentages, Nixon winning by 66% and Percy by 71%.

Field trips were taken to Chicago Reed Center, Indian restaurants, and an election campaign headquarters. Guest lecturers added new dimensions to the history classes.

Math Department

The objective of the Math Department is to develop an understanding of the language, concepts, structure, and techniques of mathematics, and also to develop a sensitivity to the pattern in mathematics. The Math Resource Center is an aid for the student. There are quite a few new programs scheduled for next year, the first semester courses are going to be Analytic Geometry, Trig., Intro to Math Analysis, and other selected topics. This year the Wang Calculator was used successfully to help students to understand how a computer could be used in the field of mathematics.

Center For Instructional Materials

One would have thought that with the revised schedule this year there would be hardly a soul in our CIM. This was not true. People always found time to read or use the CIM for reference work. There was a reduction in numbers; for instance, the CIM exit counter last year at June was on half a million. In December, it was on 48,000 with half a year to go. This year by December our CIM had added over 400 new books. About $2,000 was spent on books, magazines, and encyclopedias. More books were still coming in. The check point system saved $11,000 worth of library materials, a 92% reduction from the previous year.

In Clothing, the girls are required to sew five items. Using any material they like, they must sew a skirt, slacks, blouse, dress, and then anything they choose. They model the clothes they make in class. In cooking, the class learns about nutrition, vitamins, and how to prepare a meal. They cook vegetables, breakfast, dinners, and desserts, and they must eat all the food they cook. This class is very popular with boys as well as girls. The faculty was invited to enjoy the meals the students made.

English Department

The Apex System has been in operation at West Leyden for the past two years. English teachers enjoy the new system. It gives the teacher a chance to use his special talent in a certain course and gives him time to make the class more enjoyable and exciting. Teachers have introduced new learning labs such as Reading Improvement. Although there has been less team teaching than in the past, teachers work closely together in developing new courses. They also have more time to help each individual student. Students also have a wide variety of courses to choose from. A student can find a course which will be fun, exciting and challenging to him. The Apex system has been considered for Science and Social Studies.

Mrs. Baumgart helps Alison Hall with sewing project.

Business Education

One of the objectives of the Business Education Department, said Miss Laud, Department Chairman, is to give each student that passes through a level entry skill, a good chance to get a job that requires the skill. Another objective is to give all students personal hints on general areas that effect them outside of the school. Classes in the department include typing, office machines, bookkeeping, and accounting.

Science Department

The Science Department under the direction of Mr. Kyrias, has broadened its research subjects. Mr. Kapheim's and Mr. Kyrias's classes did a comparison of such things as mouthwashes and disinfectants.

Mr. Lawicki gave his students a chance to earn extra points towards their grades by finding solutions to current problems. He called the project the "Bio-Brain Award".

Going to the Museum of Science & Industry was one of the field trips which improved each student's ability to ask questions and to suggest their own experiments.

Art Department

Mr. Sowizdal, chairman of the Art Department, stated that it tries to teach students to use their eyes and their minds by helping them appreciate art, an essential step in teaching students to create their own works of art: sketching, painting, ceramics, and sculpture.

Physical Education

The girls physical education department has launched a new idea: BETA DAY. The purpose of this day was for the students to Be Effectively Totally Active. Each Friday, students participated in swimming, volleyball, basketball, gymnastics, slimnastics, ping pong or badminton. Beta Day gave students a chance to develop an attitude of fun and enjoyment while participating in physical education.

Roll was taken and exercises were done before going to specified areas. In each area teachers tolerated no tardiness, laziness, inactivity or changing of areas during the class period. The truancy problem has decreased because students realized that if they were truant 15 times, they would need to make that credit up in summer school.

Meanwhile back in the boys physical education department, the boys were trying to enlarge their muscles, improve their knowledge of sports, learn acceptable health practice, and develop sociability.

Beta day was also used in the boys department, giving the boys a chance to enjoy sports such as weight lifting, wrestling, basketball, volleyball and various other activities.

The boys had a chance to compare themselves with other boys in the United States by taking the National Physical Fitness Test in March.

All the boys had the opportunity to use the new Hercules running machine and the new floor hockey equipment.

Kent Gundlach and Lon Yeary pause to discuss teaching techniques.

Student Teachers

Each year student teachers come to West Leyden to learn to be teachers. Techniques studied and read about in college courses are tried out, revised, and adapted to classroom situations here at West Leyden. Those on this page, only represent a few of the 22 student teachers who worked here this year.

The subjects they taught included Industrial Arts, History, Spanish, Woods, Math, and Biology.

DORIS O'CONNOR, Western, Psychology for Living

Music Boosters

The Music Boosters is a group of parents whose interests include instrumental music, choir, chorus, and the musical. Each year every parent is given a chance to be a music booster. This is a very active organization. During the solo and ensemble contest, the best underclass performers are awarded a week at a summer music camp or an equivalent value in voice or instrumental lessons. Music Boosters also help chaperone during the muscial rehearsels and performances. They also sponsor the dinner for all senior music department students who have been in the department for three years.

Parents' Club

The Parents' Club of which Mrs. Borys is the President, actively participates throughout the school year. They hold meetings twice a month. The total club enrollment is about 431. Every parent of a West Leyden student is invited to become a member at the start of the school year. The Parents' Club annually awards hundred dollar scholarships to about ten of the most deserving graduates. Most of the money the Parents' Club receives goes to these scholarships and to other programs that benefit the students. The club also started a tour session, led by Mr. Vaughn, every Thursday at 2:30. It is hoped that this program will bring about a closer relationship between the school, parent, and student.

Work Programs Rich in Opportunities

Diversified Occupations (D.O.), Office Occupations (O.O.), Extended Education, (E.E.), and Cooperative Careers (C.C.) make up the four work Programs at West Leyden. Each program offers a variety of job opportunities. Together with their individual coordinators, students apply for jobs and earn money using a skill learned while in school. Mr. Kappel and Mr. Aldridge sponsor E.E., Mr. Abrahamson, D.O., Mrs. Van Natta, C.C., and Miss Hackett, O.O. Miss Hackett is also the coordinator of the entire work program.

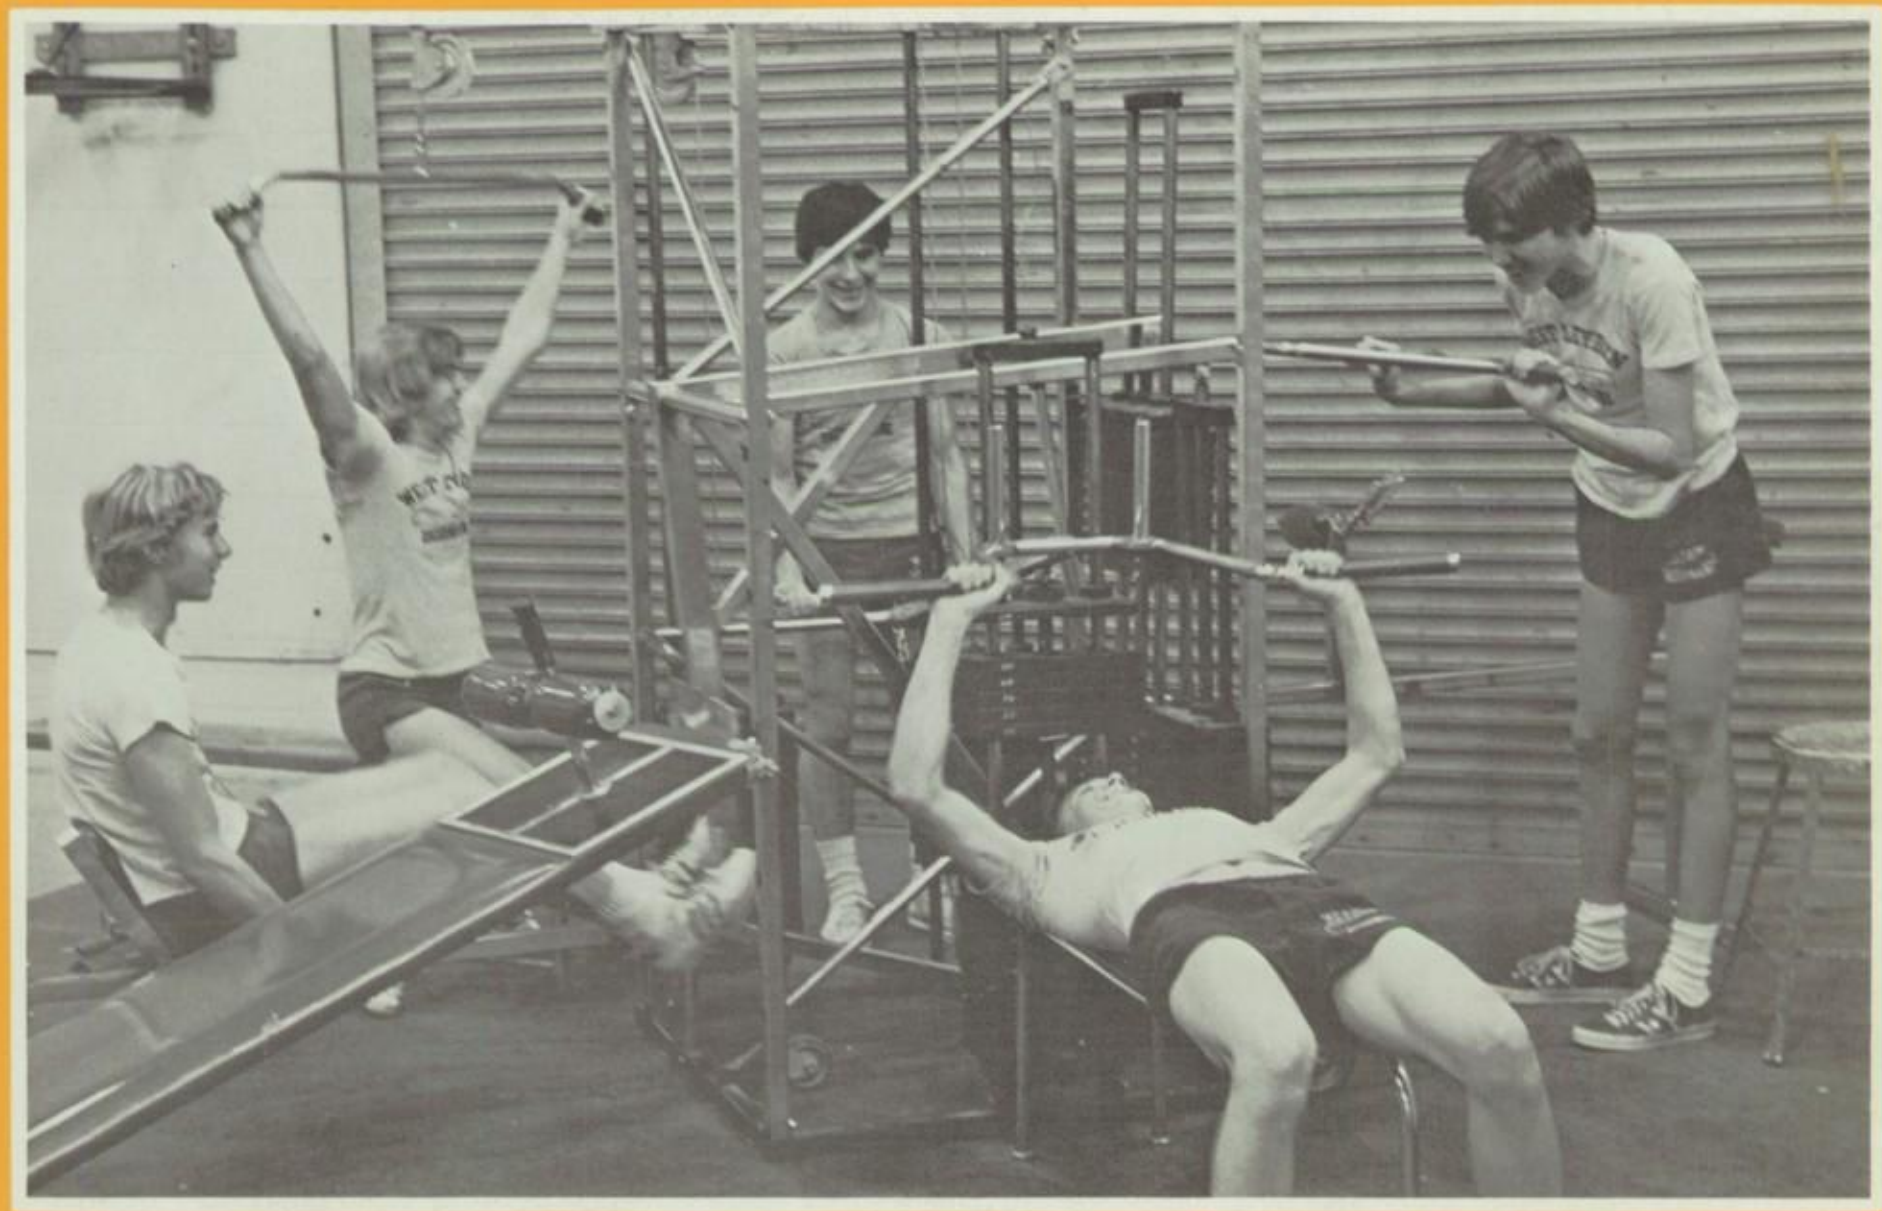
Best Are We of '73

As freshmen the class of "73" was the first class to be introduced to modular scheduling. They proved to be cool and calm by handling the new schedule as well, if not better, than the upperclass. As an organized class, they held one of the best dances Leyden ever had, featuring **Hot Ice.**

As sophomores, the class of "73" proved that their class was the best class by winning the spirit stick. They sold candy at the basketball games to raise money for the prom.

As juniors, they put it all together and took second place with their float for Homecoming, "Give 'Em the Go-Round." They sold candy at the football games. They showed off their talents by winning in the Junior Olympics. At the end of the year, the class of "73" held the Junior, Senior Prom, **Color My World,** at Villa Olivia.



ABOVE: Muscle Machine plays with Senior guys. **UPPER LEFT:** Kathy Detmers, Dan LaSage, and John Kingsmill happily retire for the day.

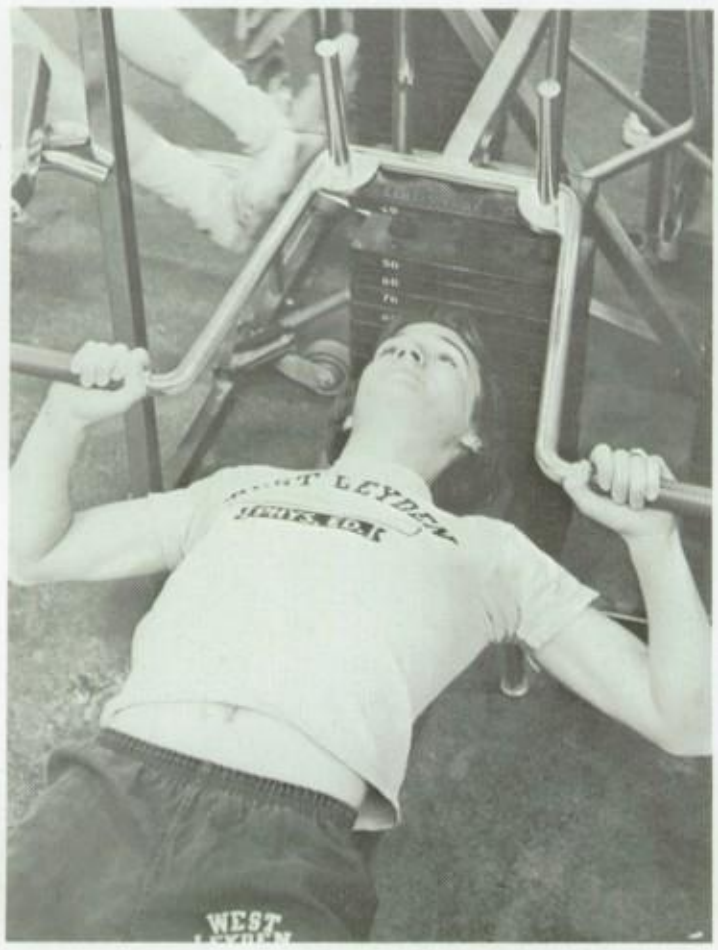
Top Twenty Senior Scholars

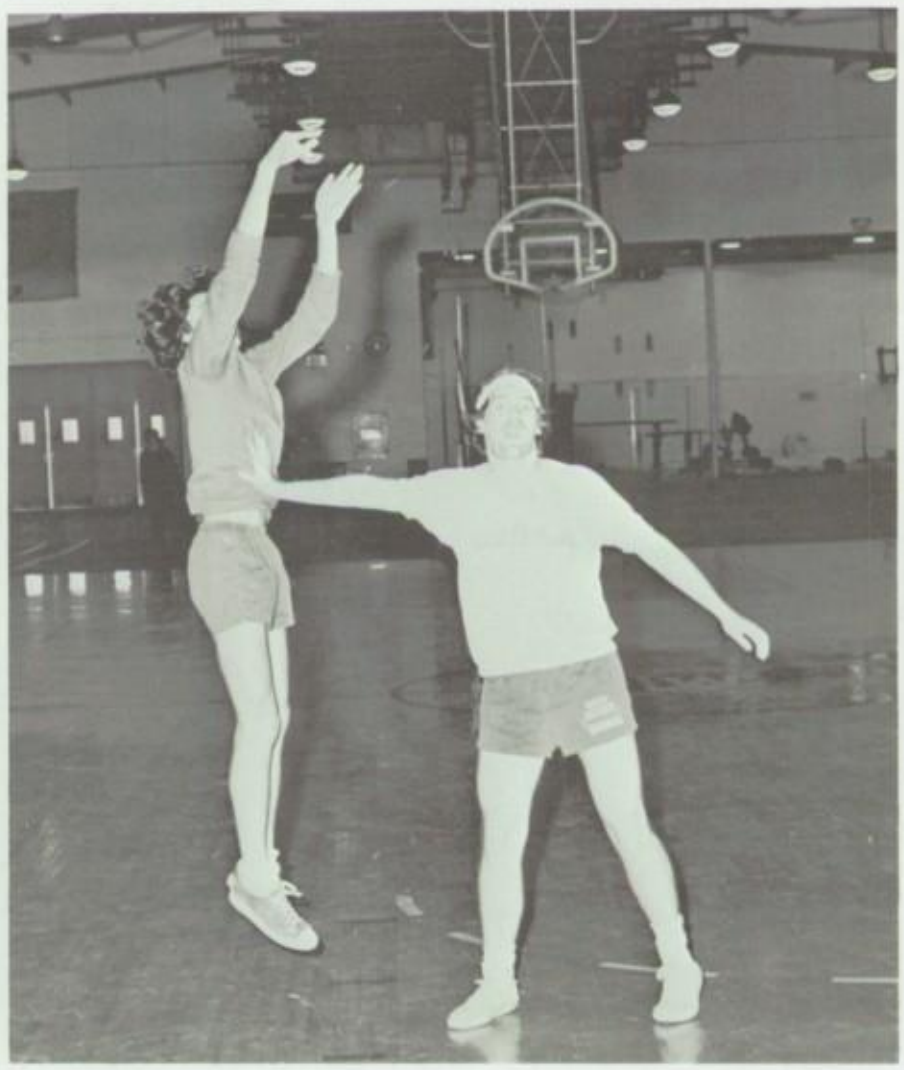
Struggling hard throughout their four years at West Leyden, these honor students represent with pride the top twenty of the class of 1973. Their ranking represents the extra effort that sets the scholar apart from the student - the revision of themes, the exactness on experiments, the application of imagination to assignments, the hours of extra reading, the use of special resources. They are not only academically involved, but contribute as well to school activities, as Pom Pons, Shield, Thespians, choir and NHS.

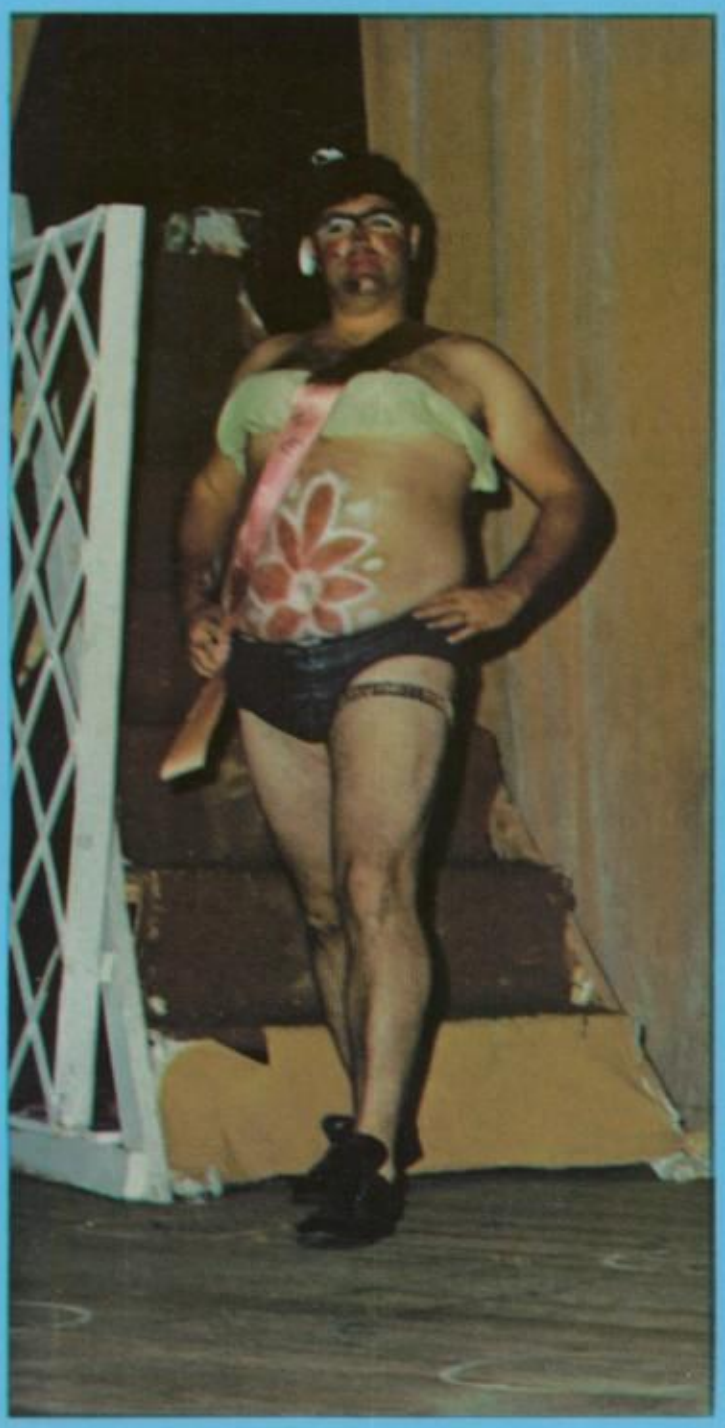
TOP LEFT: Carolyn Brieschke, Patrick Moore, Darlene Baker, Dennis Myrah. **TOP MIDDLE:** Kathleen Pinkham, Glen Jeffrey, Greg Belback, Jan Pearson. **TOP RIGHT:** Ellen Newton, Debbie Maskeri, Diane Parylak, Donna Ducay.

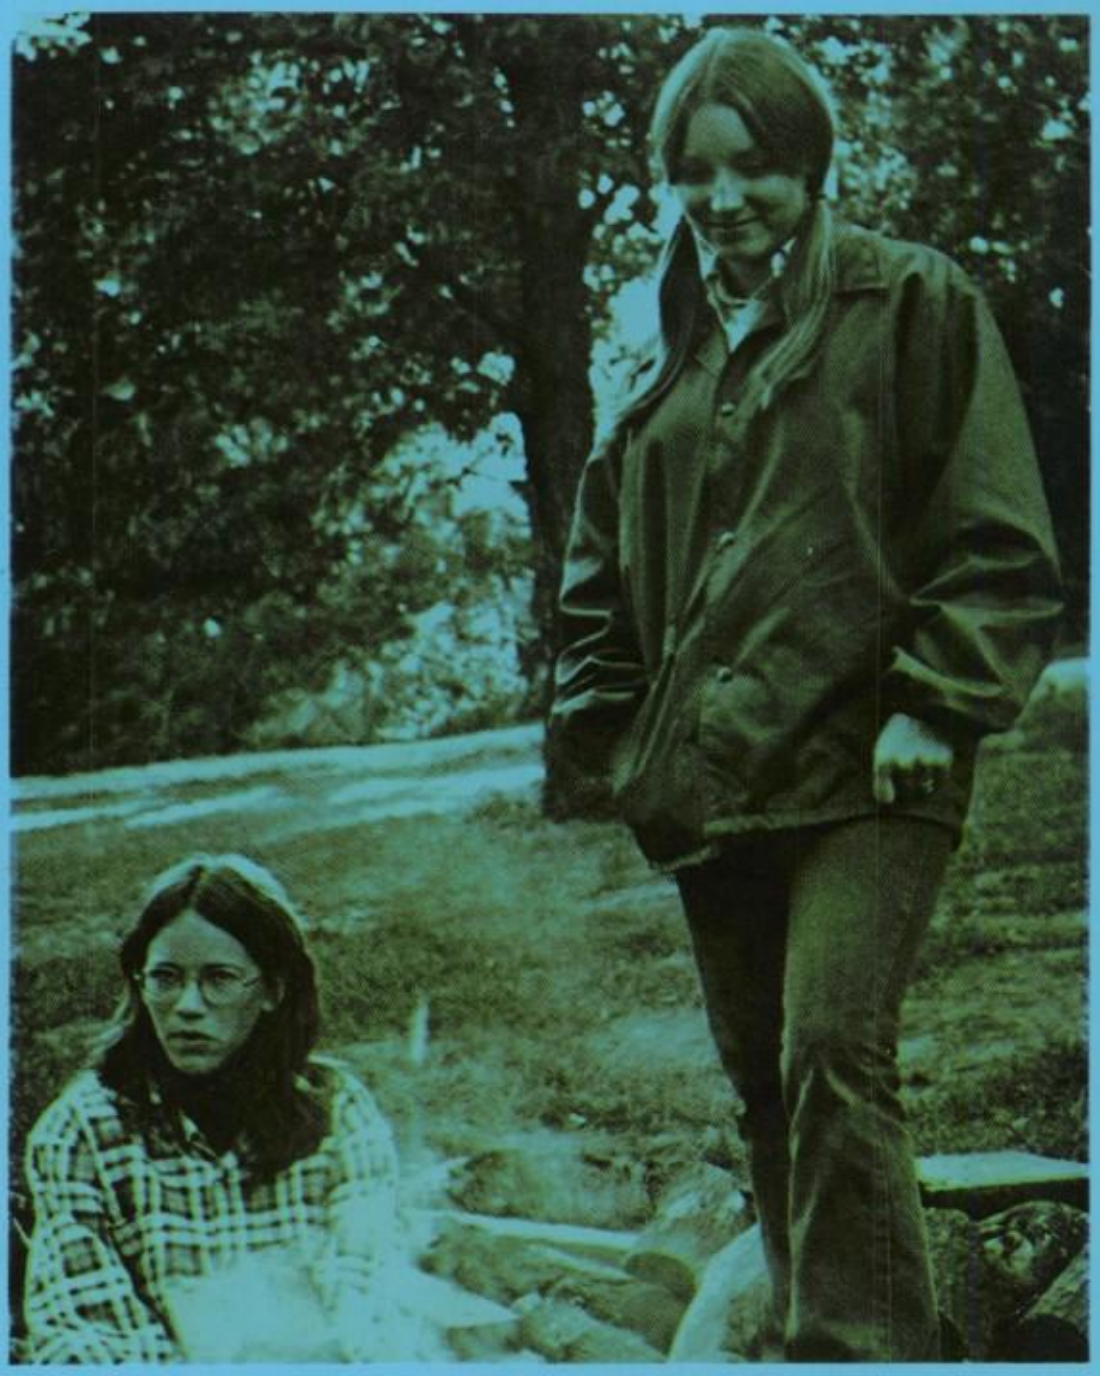
BOTTOM LEFT: Carolyn Czupowski, Martin Roy, Ronald Klass, James Slowiak. **BOTTOM RIGHT:** Kathleen Kvistad, Deanna Easley, Maria Vasquez, John Blight.

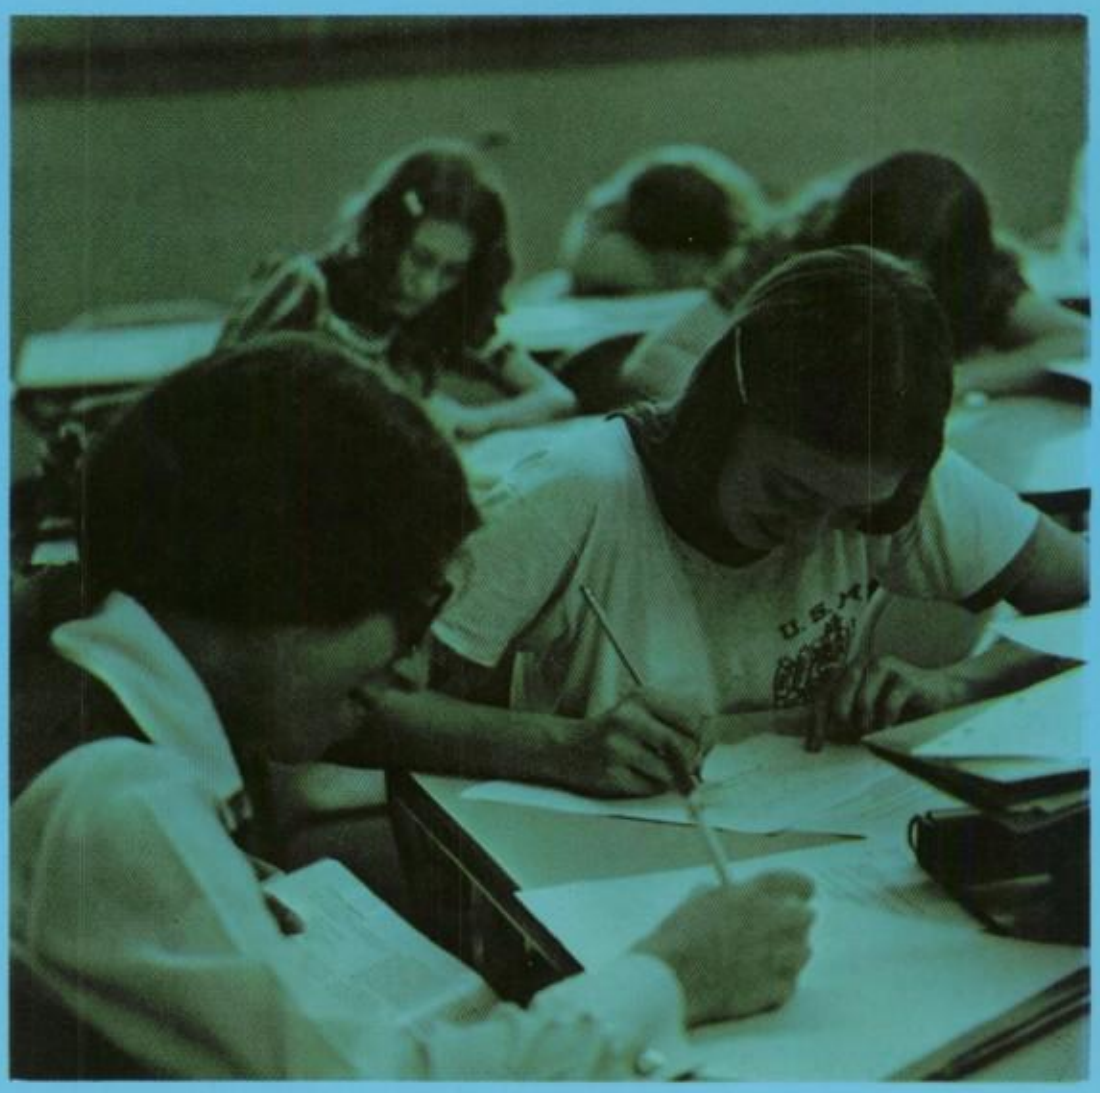


Seniors Develop Pride in School Activities

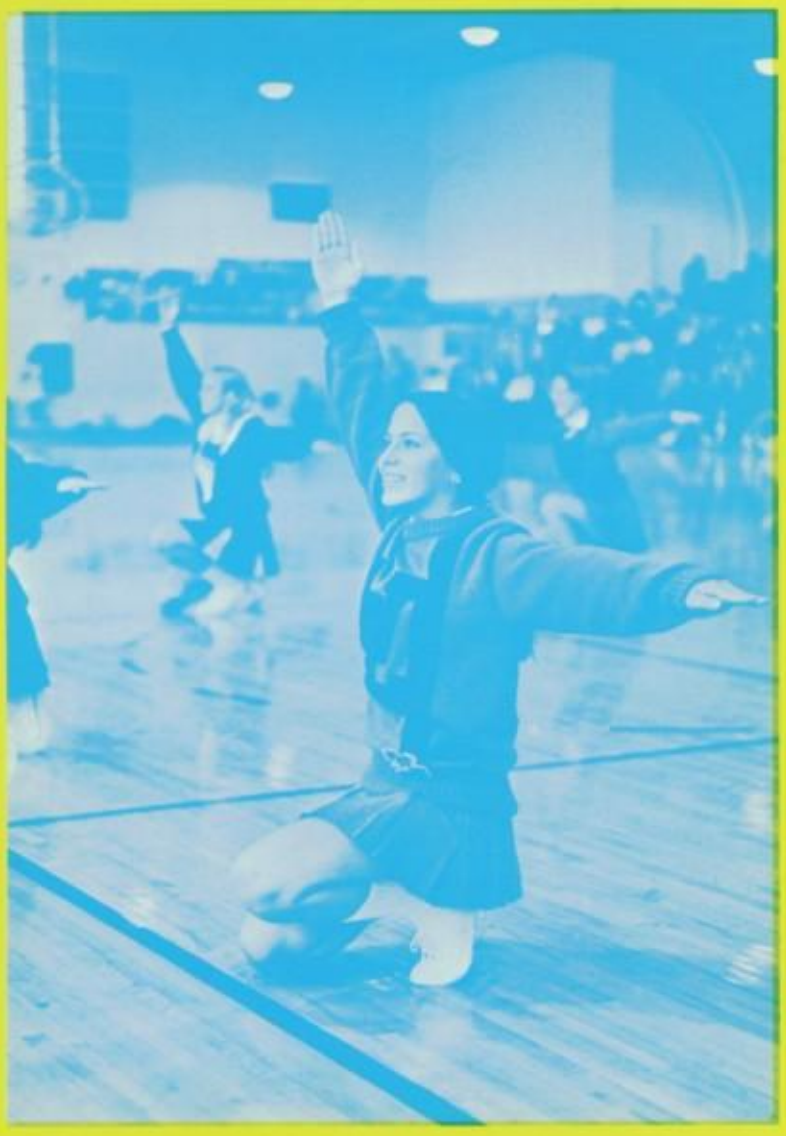






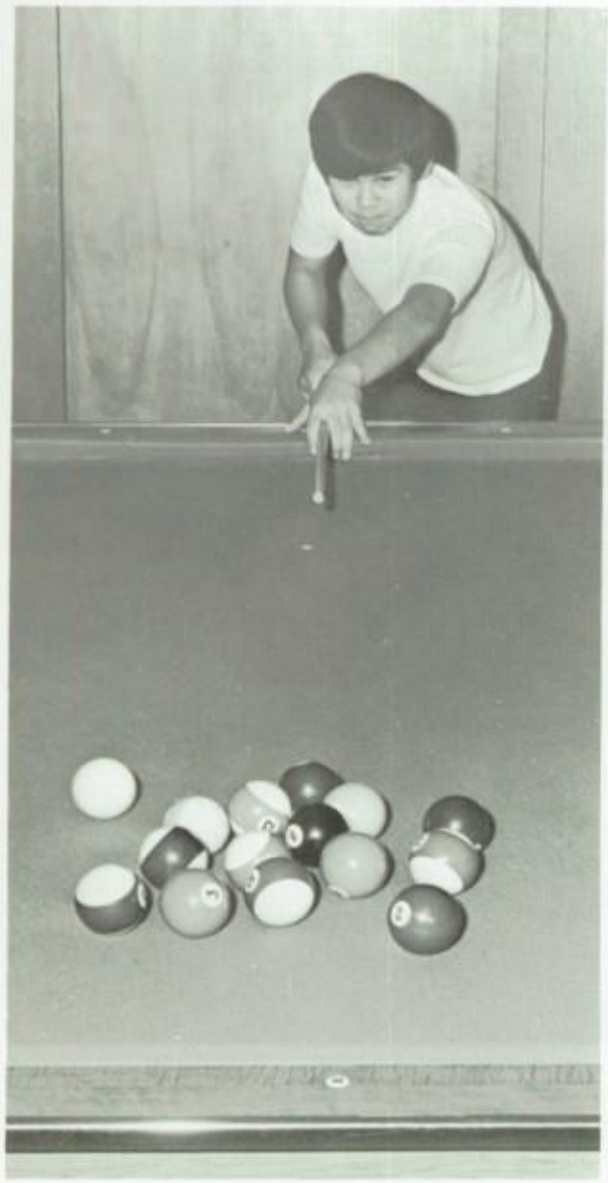


TOP LEFT: "PAULINE" Schmidt, our Leyden lovely queen for 1972-'73. **TOP RIGHT:** Miss Greenlee looks on as Kathy Murphy begins making breakfast on the camping trip for the girls P.E. classes. **BOTTOM:** Debbie Maskeri and Carolyn Czupowski working diligently on their journalism assignments. **OPP. PAGE TOP:** Junior Brenda Weter "cheering on" the freshman class at the first pep rally. **OPP. BOTTOM LEFT:** Mickey Mouse gets it all together with "Mic," Karen Kirby, "key" Jean Cannata, "mouse" Donna Lichtenberger. **OPP. RIGHT:** Masaki holds "Tiger" in his home away from home.



Activities

PRIDE as you can see is reflected in each of the pictures on this page. In this section there are a number of people who have enjoyed working with thier school in one way or another. Whether we join music groups, sports groups, scholastic achievement groups, or service groups, we all have some spirit. Everyone enjoys staying after school to play volleyball, wrestle, swim, or even go horseback riding. The Activities section this year is arranged differently, but it does not affect how much PRIDE or respect we have for the students in it.



Masaki Creates New Feelings

TOP LEFT: Masaki enjoys a game of pool for relaxation. **TOP RIGHT:** Masaki with his American family: front - Dave, Mr. Pinzker, Mrs. Pinzker, and Ron. **BOTTOM:** Masaki wishing Mrs. Pinzker a Happy Birthday by presenting her with a Japanese birthday card. **OPPOSITE TOP: LEFT:** Ron, Masaki, and Dave enjoying each others' company. **OPPOSITE TOP RIGHT:** Masaki and Ron holding Adam and Eve their guinea pigs. **OPPOSITE BOTTOM:** Masaki mixing drinks for the family.

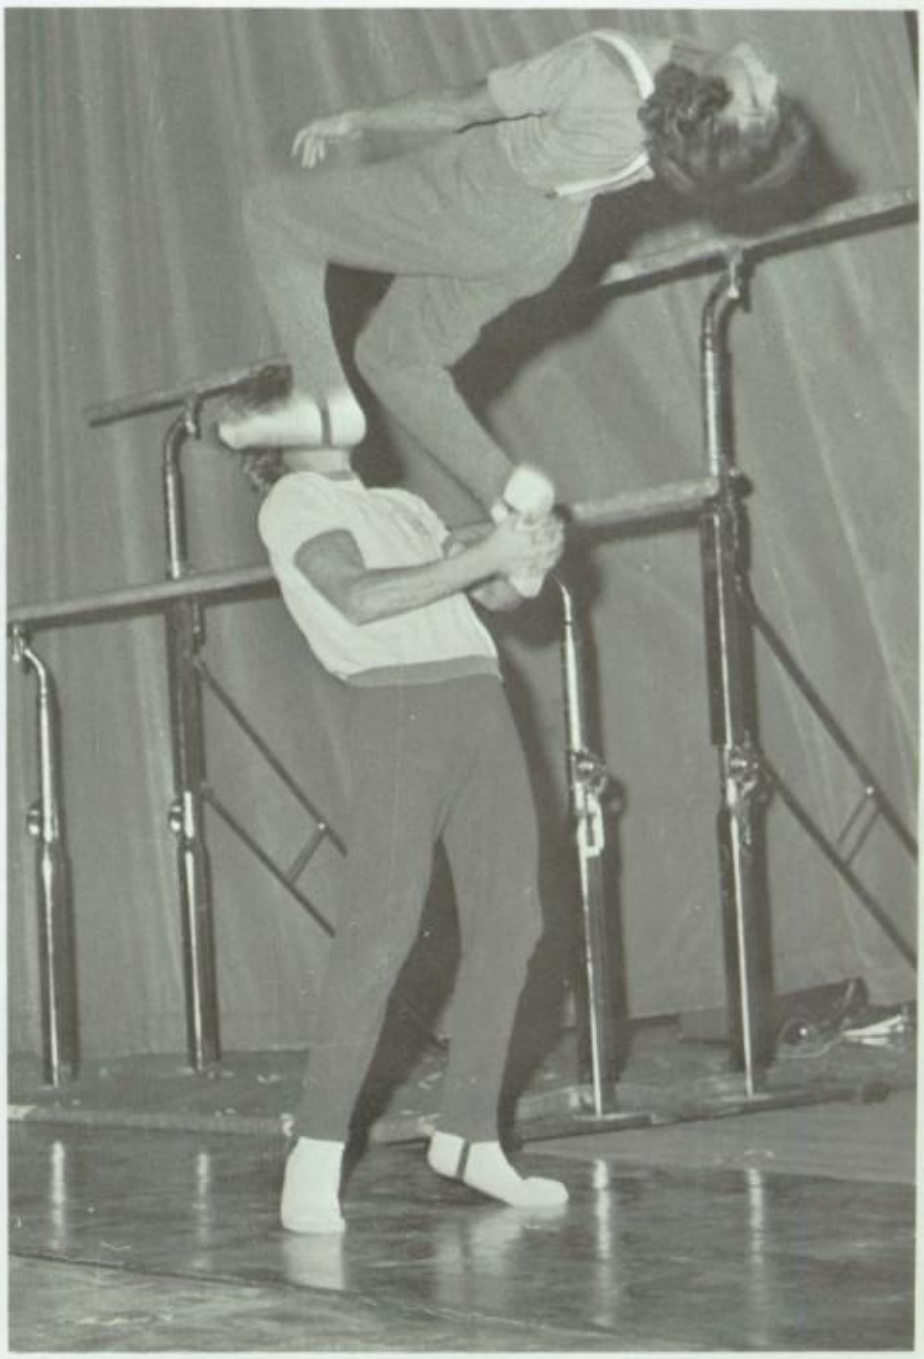
If you have noticed the change around West Leyden since the beginning of the school year, you were probably experiencing the feel of our new foreign exchange student Masaki Miyao. While staying in the Pinzker home, Masaki enjoys many recreational activities, such as playing pool and the guitar. He has also played on our chess team with great skill. Masaki has reached into the hearts of many students with his smile and warm personality. Wishing that Masaki could stay here forever, we will bid him farewell in the hope that he will remember us always. He will graduate from West Leyden with the class of 1973 and this will bring to an end his visit in the United States.

Homecoming is a very traditional and happy moment in the lives of students at West Leyden. Out of 204 senior girls, 30 were chosen for Mum Arbor. There were two peculiarities involving Mum Arbor this year. One boy, Kerry Sasso, was on the senior girl list and added kick to the election. Although everyone voted for him, he was not elected. Also, April Richards, influenced by Women's Lib, decided to drop out. Her opinion may not have been shared by all, but everyone respected it. The members of the Court were Terry Gentile, Donna Nelson, Karen Kirby, Nancy Simonetta, Janice Collins, and Martha Randazzo. Geri Ryan was crowned the 1973 Homecoming Queen.

Homecoming Traditions

OPPOSITE LEFT: Gary Nardiello replaces the crown on Queen Geri after it had slipped during the assembly. **OPPOSITE RIGHT:** Geri Ryan when she is given the autographed football at the Homecoming Dance. **OPPOSITE BELOW:** Geri Ryan and Coach Ohlson silhouetted by the bonfire, having a friendly chat. **LEFT:** Mum Arbor smiles with happiness after Geri was crowned Queen at the Assembly. **MIDDLE:** "You can't stop the knight machine," especially when it's a metal locomotive made by the Junior class. **BELOW:** Queen Geri and her charming court during the ceremonies at the Homecoming Dance.

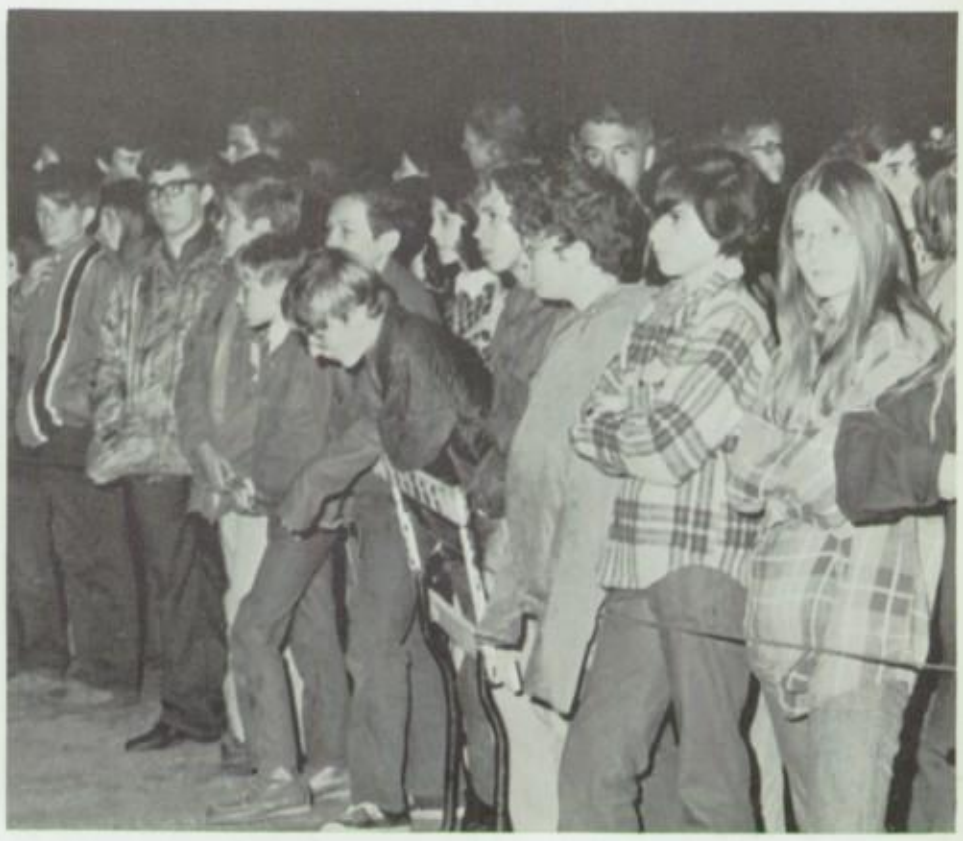
LEFT: Pom Pon Girls getting ready to perform on stage at the "V Show". **BELOW:** JoAnn Deering, one of the members of West Leyden's first all girl football team. **BELOW RIGHT:** Brent Smith with his amazing skill in gymnastics does a flip in "Flippin' Swingers". **OPPOSITE: BELOW:** Kerry Fritz and Donna Lichtenberger using their skills on the uneven bars as a skit during their performance in the "V Show".



A Warm Night For Students

On October 6, a crowd gathered at the auditorium doors of West Leyden. Most students were waiting for the doors to open and the "V Show" to begin. All agreed that the "V Show" was a success. "Pauline" alias Mr. Schmidt, was crowned queen of the Leyden Lovelies with Mr. Bedard as the host. Other acts were put on by Pom Pons with an all-girl football team, Orchesis with several dance acts. The Gymnastic Club also performed a routine to the music of "Flippin' Swingers."

At 9:00 the students went to the west end of the grounds near the tennis courts to watch the Bonfire. The wind was so strong that the people in front came away from the fire with "sunburn" on their faces and hands. The warmth of the fire put a spark in everyone's heart for the students had more spirit than ever on that busy night.



Game, Parade Build Excitement

October 7 was a cold shivery day. Students, parents, and friends lined up along the street and waited for West Leyden's Homecoming parade to begin. The parade began at 10:30.

The Junior Class had the winning float with their slogan, "You Can't Stop the Knight Train." This was a cheerful note for all who anticipated a knight victory. Second place was taken by the Sophomore Class who had as their slogan, "Slow as a Snail." Third place was awarded to the Music Department's "Give them the Down Beat."

After the parade, students started gathering in the stands for the annual Varsity Homecoming game. The football game was a little less than a success with the Addison Trail Blazers winning over the Knights 21 to 0. Though the game ended badly, the stands were excited and cheery with the anxious faces of students and alumni who were waiting for the after game coffee hour and the Homecoming Dance that evening.

OPPOSITE TOP: Joe Caporusso smiles as he looks at John Pochodenko kissing Queen Geri Ryan during half-time ceremonies. **OPPOSITE MIDDLE:** Pom Pon girls adding rhythm to the parade in the hope of later adding pep to the game. **OPPOSITE BOTTOM:** "Can't stop the Knight train" winning float by the Junior class. **TOP:** Leyden Lovelies try to impress the judges with their gorgeous legs. **MIDDLE RIGHT:** Pom Pon girls show pride in their team as all conference defense player Jim Hartney bursts through hoop. **MIDDLE LEFT:** Concert Band and Color Guard presenting arms at the beginning of halftime ceremonies. **BOTTOM:** 1972 Alumni's "Scum Arbor" gallantly lose to Geri Ryan.

Students

Sportnights

Sportnights this year were planned by almost every club. Most of them were successful in that many people showed up for a fun-filled night. Kings Prance this year was made into a sportnight to provide enjoyment for all before Paul Kolkau was crowned King. (Top) Gary Nardiello - 1st duke and John Blight - 2nd duke use their time wisely by playing a rousing game of basketball. All types of recreation are enjoyed on these nights, such as (Center right) swimming and (Center left) ping pong. All Clubs Night was a fun-filled night for all those who participated. Students from area schools met at West to discuss their ideas for each club. (Bottom): Sheila Goodman and friends play basketball to bring unity to the night.

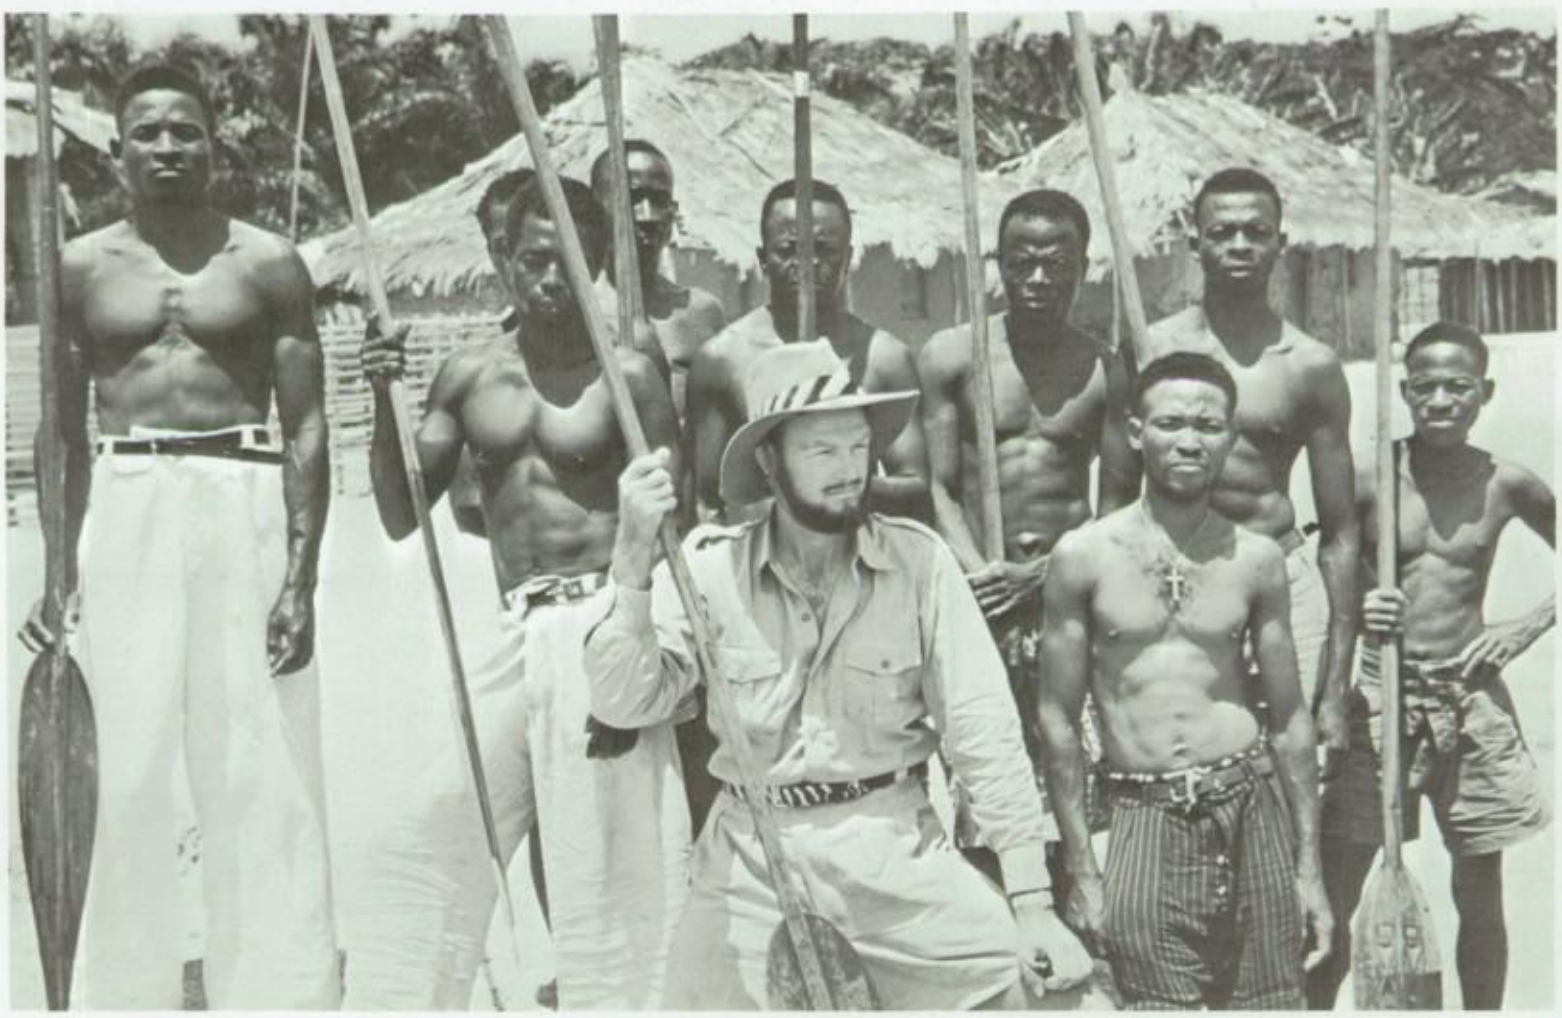
Assemblies Promote Spirit as Well as Enjoyment



Above: Jim Vece accompanies girls chorus at the first music concert of the year. Above Left: Carolynne Brieschke proudly displays the spirit stick after seniors had won the competition cheer at the winter sports assembly. Opp. Right: Barb Dooley and Chris Brandenhoff, J.V. cheerleaders, promote spirit among the sophomores as they perform a competition cheer. Opp. Below: Mr. Goddard casually talks to Arlene Scheibe and Nadia Sawula after his assembly.

There were many Assemblies at West Leyden in the 1972-73 year. Assemblies were used to introduce new and old sports to students, to build up the student and faculty morale through the year, and for special occasions such as Christmas, Homecoming, and presentations by community speakers.

One of the well known speakers was Mr. John Goddard. His annual visit was as memorable as the year before. The movie he showed was about his trip up the Amazon. The film portrayed native customs, the different terrain he had traveled through like, jungles, mountains, rivers, swamps, and the cultures of South America.

The sports assemblies were given to build up school morale and to make known to the faculty and students the many sports for students that are played in any one season. Some new interscholastic competitions were archery, badminton, and girls' gymnastics. These assemblies contributed much to the spirit and participation in all the activities.

Christmas at West Leyden

Here, at West Leyden, Christmas is celebrated in a very special way. The first sign of the Christmas season is not the snow on the ground but the delicious, complete turkey dinner the cafeteria prepares for all the students and the teachers.

This year, the second sign of Christmas was a new one. Student Council put up and decorated several pine trees around the school. This was a nice change which added to the spirit of the coming holidays.

The traditional Christmas Assembly was, of course, the third and most enjoyed sign of the Christmas season. Orchesis danced, Varsity Band played well-known carols, and the choir sang songs to add the extra special sparkle.

There were two Santa's visiting West Leyden at the assembly. Greg Belback played Santa for all the students while the Thespians acted out "The Night Before Christmas." Then Mr. Paul Schmidt portrayed Santa for the teachers as he and his two elves (Mrs. Greenlee & Mr. R. Brown) distributed thoughtful, useful gifts to thankful teachers.

Vacation then started. Students and teachers went home leaving work at school and only thoughts of family and fun for home. Yes, Christmas comes once a year, but after presents are opened, trees torn down, and students and faculty are back in school, the memories of the holiday festivities at West Leyden remained.

Half Time Show Gives Players a Rest

Opp. Top Left: Sandy Menotti, Patti Pelzer, Patti Paul, and Shelia Goodman shaking their Pom Pons to the music at a basketball halftime. Pom Pon Girls performed regularly at 16 football and basketball halftimes. Opp. Top Right: Pip Mortensen rocking and rolling to jazz during a basketball halftime. Two Pom Pon routines were done with costumes: "Doctor Spook" for Halloween and "Mama Don't Dance" (pictured). Opp. Middle Left: Marge Budzynski and Donna Hutter giving a little extra class to the Band formation by doing their own steps to the music. Opp. Middle Right: It is important for band members to keep in step to the time master as Ron Klass encouragingly shows. Concert Band opens the music festivities and their formations help illustrate their songs. Opp. Below: Color Guard starts off the football halftimes by leading the band onto the field. Color Guard presents the flag to all spectators and players. The four girls hold the flags while students and faculty sing the "Star Spangled Banner" and pledge their allegience before the start of all games and halftimes. Left: Gloria Davies doing a routine on the uneven bars. Once a year the Gymnastics Club participates during the halftime proceedings; Orchesis also performs at one or two basketball halftimes a year. Below Left: Students rush to concessions during halftimes to buy their treats before the second half of the game. Since the games are so exciting at West Leyden, many students swarm to the concessions for hotdogs and coffee during football or candy and Coke during basketball before the performers are ready. Concessions during the football season are run by the junior class and by the sophomores during basketball. Below: Drum Major, Mike Campobasso, marches onto the football field to help the band members keep perfect timing. During the basketball season, drum majorettes stand in front of the band at the east end of the fieldhouse directing at halftimes and intermissions.

"Little Women" And "The Glunk That Got Thunk" Entertain Audiences

With this kind of title used you know that another one act has hit. Using the fantasy tale of a little girl who sometimes thinks of fuzzy things after supper, this charming story captivates audiences of all ages. (Right): Debbie Rittmueller, Jackie Bernard, and Mary Jeske pose in their costumes at play rehearsals.

LITTLE WOMEN which was presented as one of the one acts turned out to be a very touching story of life long ago. (Right): Ellen Pinkham, Jo, and Bambi Nauqokas, Meg, practice for a play which is to be put on for their family. (Bottom-clockwise): Cindy Henk, Ellen Pinkham, Bambi Nauyokas, Wendy Schwartz, and Chris Oruscci holding back their emotions after reading a letter from their father.

To Germany and France

This was the first year that West Leyden students were able to go abroad as foreign exchange students. The two lucky girls from West Leyden, who were accepted by this program were Angela Erl, senior, and Lee Lisk, class of 1972.

On September 1, Lee and Angela flew to the School for International Training in Battleboro, Vermont for a three week stay and took crash courses in German, for Angela, and French for Lee. These courses were an orientation for their European trips. This camp provided facilities for students all over the world.

On September 20, Angela left to be welcomed by the Ernst Meyer-Spelbrink family in Kassel, Germany. Lee Lisk, meanwhile, flew to Villeneuve-Sur-Lot, 250 miles south of Paris, and the family of Claude Diaz to attend Lyseé d'Etat Georges-Leggues.

It was a great experience for both Angela and Lee to live with their gracious, cultured families who did everything possible to make their stays interesting.

Angela became very close to the two oldest girls in her foreign family. "Mutti" and "Vatie" were truly a loving second set of parents for her.

The formal programs lasted two months. Lee Lisk met Angela in Kassel on December 8, and with the help of Dr. Klitscher planned an itinerary which took them to Marbourg, Wiesbaden, Frankfort, and Heidleburg. The trip ended in Evrus, France, where they were the guests of Pierre Petit, who was an AFS exchange student in the state of Virginia last year. After the holidays Angela and Lee traveled through Europe utilizing youth hostels and their Eur-rail passes. Angela reported that most of the hostels were "fantastic" and a real bonus for the student traveller. They returned in March.

Underclassmen

These pages are dedicated to the 1,776 underclassmen at West Leyden High School. Soon these students will be on their own, in the fast moving pace of today. With them will go their memories of all the cheers and tears at Leyden. Juniors have had much to think about this year. Their future careers are in question; soon they must decide upon a college. One of their major concerns was to raise money for Junior-Senior Prom. Sophomores are the salesmen in our school. They have sold everything, from Mars bars to Christmas cards and have the money to show for their efforts. Freshman class got off to an early start with class officers being elected in November. These students are full of spirit and raring to go! Now off modular scheduling and on the **PRIDE** Program, the students of West Leyden will hopefully respect the standards at West.

The class of '74 has made many accomplishments throughout its years at Leyden and Junior year has been no exception for them. They won first place for their Homecoming float which was themed, "Can't stop the Knight Train!" Jeanine Lee volunteered her garage where all the actual work took place. "People were at my house every night from 6:30 till 10:00," said Jeanine.

Their Pancake Day and Candy Canteen provided abundant funds for sponsoring their prom this year. The prom was held at the Ferrara Manor; adding to the romantic atmosphere was a 12 piece orchestra.

Along with their council members and class sponsors, the juniors have shown a positive attitude toward all things undertaken.

Sophomores '75

Super Salesmen

The sophomore class has shown remarkable salesmanship. Led by their sponsers, Mrs. Medsker and Mr. Dieden. They started off their year by selling candy at West Leyden's Candy Canteen. It is open from 3:35 to 4:00, and it is located in the corner of the 120 hall, next to the cafeteria. They make about $20.00 a week selling ten cent candy bars. This money will go for their Junior-Senior class Prom. They also sold refreshments at the concession stands at the basketball games. They sold Christmas cards and had a prize for the one who sold the most cards. The sophomores also sold jewelry, such things as bracelets, rings, and necklaces. All this money will be used for their prom.

This year's sophomore float named "Addison Trail, Slow as a Snail" was made at Cindy Spitzock's house.

Student Council members- Ruth Classen, Donna Russell, and Dorsie Holt count ballots for the Freshmen Secretarial re-election.

FRESHMEN "Spirit of '76"

"The Spirit of '76" was the theme of the 543 freshmen as they completed one of the earliest freshman elections in the history of West Leyden. Since the election was marred by a slight spelling error in the office of the secretary, the candidates agreed to run the election again. The election resulted in a tie for secretary. Therefore, **FRESHMAN**

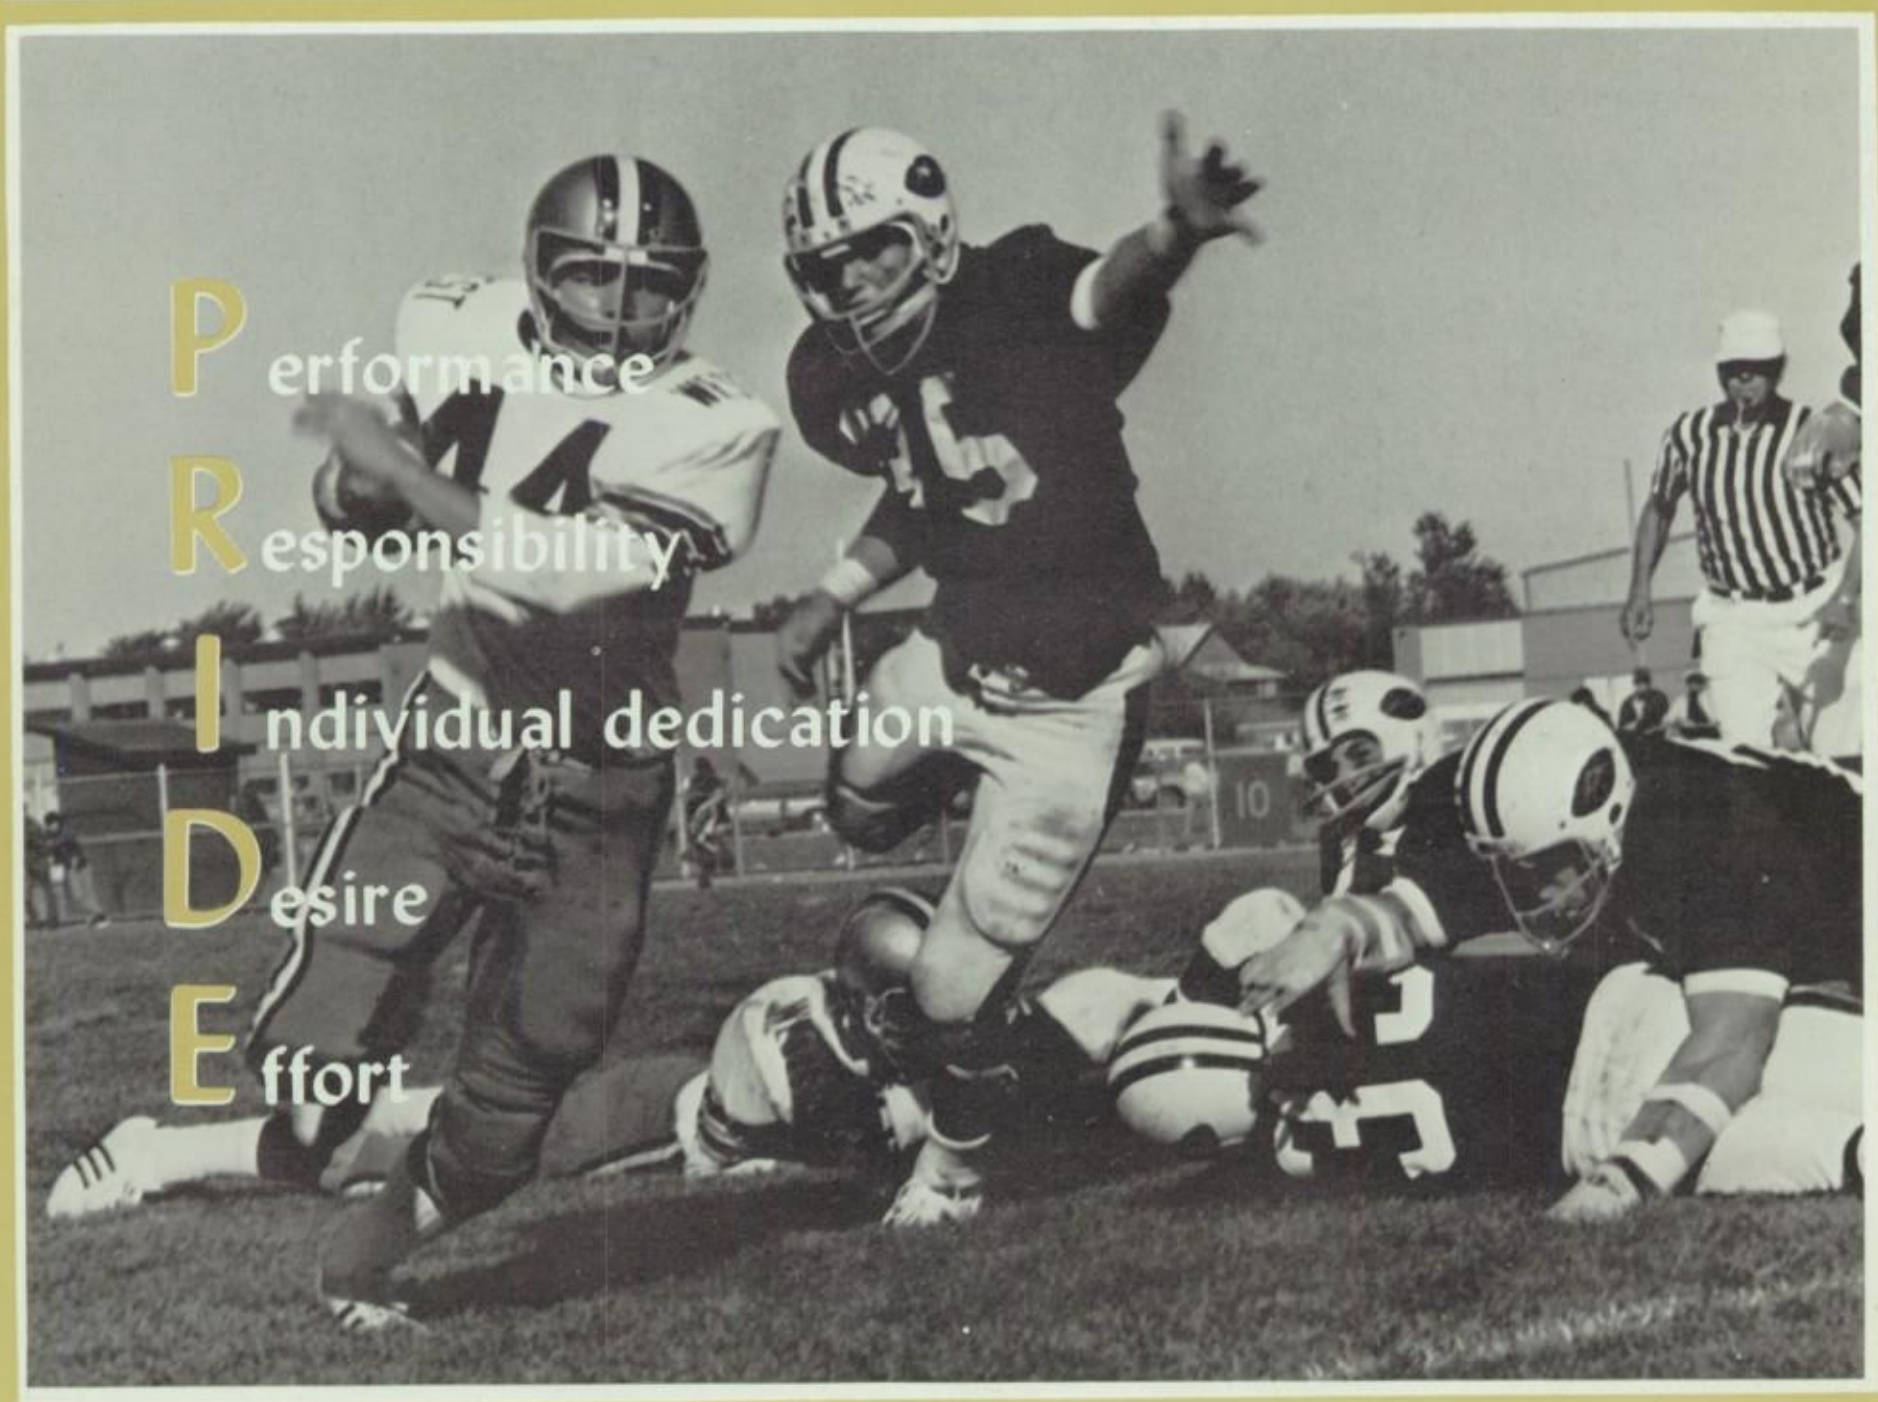
Sports

"When a human being has done all that his God-given ability allows and is beaten, he has not lost." This is what the coaches of West Leyden try to instill in their athletes, better known as KNIGHT PRIDE.

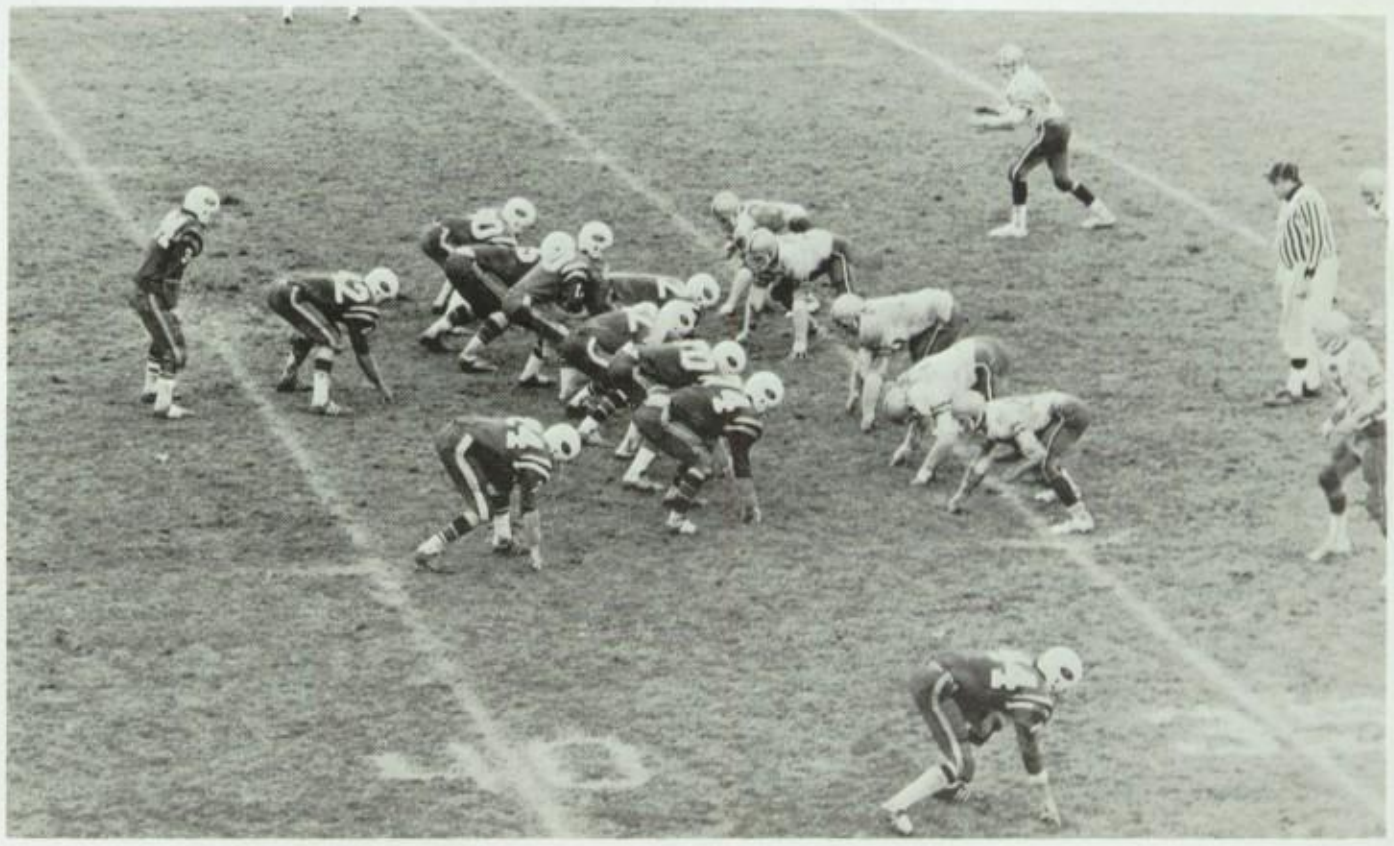
Whether you win or are beaten, as an athlete, you will always remember; your first place finish in cross country, in football your first touchdown, your first time in a girls' competitive sport, the day you made the varsity basketball team, in wrestling your first pin, breaking the latest school record in swimming, the day your routine received the highest score in gymnastics. Pride is also a key factor in completing a play, perfecting a routine, running five miles, and swimming laps.

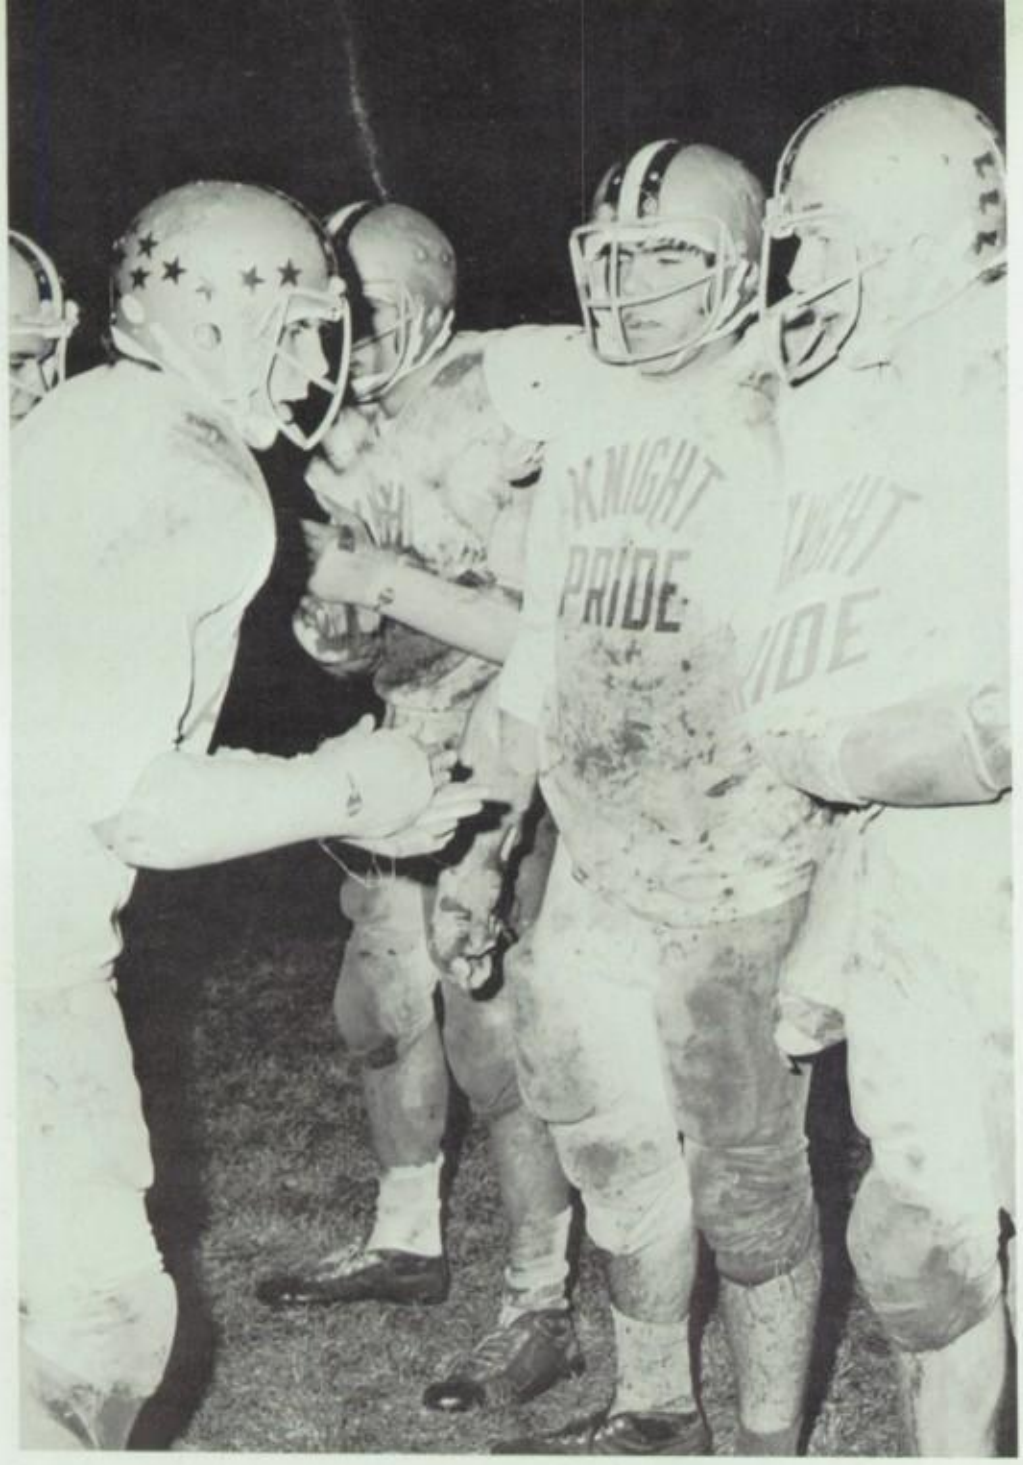
"Winning implies that you had the higher score but is truly defined by the team with the greatest pride and exhausted effort."



Pride Rides Again

ABOVE: Nick Menotti set the record of the longest kickoff return, 87 yards for a touchdown. **ABOVE RIGHT:** Mike Patti, all conference player and returning letterman. **RIGHT:** Preventive defense before the ball is snapped. **OPPOSITE PAGE ABOVE:** Jim Hartney discusses game plans with Gary Nardiello and Paul Karg.





A 25 Man Effort

Although our varsity football team had a record of 1-7, there were many records established this year. Nick Menotti established two of the records: longest kick-off return and most yardage gained in one game. Jim Hartney also established two records: most tackles in one game and in one season. Mike Patti tied two records: most interceptions in one game and in one season.

The 110% award this year went to Russ Weglarz. Russ never played a game this season because of a leg injury. His interest in the sport and his determination to, one day, play for this school was why he received the award. "Had he not been injured, he would have still won the award," replied Coach Ohlson. Jim Costantino and Tom Dubinski tied for the scholastic award. This year's star award went to Mike Patti.

Jim Hartney, Jim Costantino, and Mike Patti made All-Conference. In addition to this, Jim Hartney became this year's Most Valuable Player also winning the Hatchet Award. He made all area in the Suburban Press Publication, all area for the **LEYDEN HERALD** and made honorable mention for the **CHICAGO DAILY NEWS.**

When asked, "Who were the other leading performers on the team this year?" Coach Ohlson replied, "All 25 of them. Without them, we wouldn't have a team." "They are top caliber kids," Coach Ohlson continued, "As long as they keep coming, we'll win, soon."

JV-Soph Go For Better Year

This year our JV football team didn't do as well as hoped, but "they still had a lot of pride. They had great attitudes and desires, even though they won 1 and beaten 5 and tied 1."

The JV team consisted of juniors with a strong backup of sophomores. "When this year's sophomores are joined with sophomores, from JV, and Varsity they will form a nucleus of forty-four players from which to build a successful football program," stated Mr. Kapheim sophomore football coach.

Captains for the JV team were Mike DeSantis, Jim Borowski and Ezio Fazzi. Some of the leading performers were, Jim Borowski, Mike De Santis, Bob Holmgren, Joe Zelasko, Al Bruzini, Chuck Sheets, and Lenny Phillips. Captains for the sophomore team were Wayne Rawlings and Jim McCambridge. Most valuable players were, Louis Paul, Chad Voss, Dan Slater, Bob Kirsh, Ron Grabanski, Pete Snyder, and Ray Winkler.

Freshmen Improving

The freshman A team, coached by Mr. Sisco, finished with a 3-4 record. After the loss of the first two games, Coach Sisco commented "We probably could have won our first two games if we had played these teams toward the end of the season. Because of the tremendous improvement in the Fresh A team, we actually finished higher than these two teams." The team also scored an upset victory over Addison Trail in the final game. The captains were Ken Sowa and Tom Fitzgibbons. Ken was also most valuable player.

The freshman B team was coached by Mr. Fred Schmidt. This year's captain and most valuable player was Bob Moen.

To come out for freshman football takes a lot of "courage" and the players who completed the season proved this.

C. C. Takes Fourth Place

Don Sage, in his first year as head cross country coach, led the team into the Fenton Invitational, in which they took fourth place, despite the 2-10 overall record. Several individuals made outstanding accomplishments. John Kingsmill, who was this year's captain and Most Valuable Player, also won the scholastic award. He did this by earning the highest grade point average of all the athletes in fall sports, with 3.8. The runners-up for this honor were Ron Castor, and Ken Doll. Coach Sage showed pride in his team and knows that West Leyden will have stronger teams in the future.

Archers Face Steep Competition

This was the first year that an organized archery team existed at West Leyden. It was coached by Mrs. Madoch. "We only had nine girls out for the team. "Donna McWilliams proved to be the team's Most Valuable Player. "For most, this was their first exposure to archery and they started from scratch. Our competition was rough. Two of the five schools had had teams in the past, giving them a definite advantage.

"The archery team, even with a 0-4 record did enjoy themselves and kept their spirits high. They truly exemplified good sportsmanship. All look to a much better season next year."

Swimmers Gain Experience

"This year's team was a novice team. "stated girl's swimming coach Mrs. Greenlee. Donna Willerth and Linda Sardella were co-captains for the team. Mrs. Greenlee also stated, "We competed against schools with more experience in competitive swimming. The girls gained a lot of knowledge about competitive swimming. Next year will be expanded to more meets and more practices. There are a lot of swimmers with promise coming out again for next year."

Knights Have Good Season
Two Make All Conference

The Knight's overall record was 15-7 making it one of their best seasons. This team, coached by Darl Kriete, was made up of outstanding individuals which made a good unit of players. Three who received special recognition were: Mike Spejcher, two year leading scorer of the DPVL and twice All Conference; Tom Dore, All Conference; and Mark Ginski who received Honorable Mention. The team came home with West Leyden's first basketball championship trophy in the Naperville Christmas Tournament. The team placed fourth in one of the toughest years in the Conference.

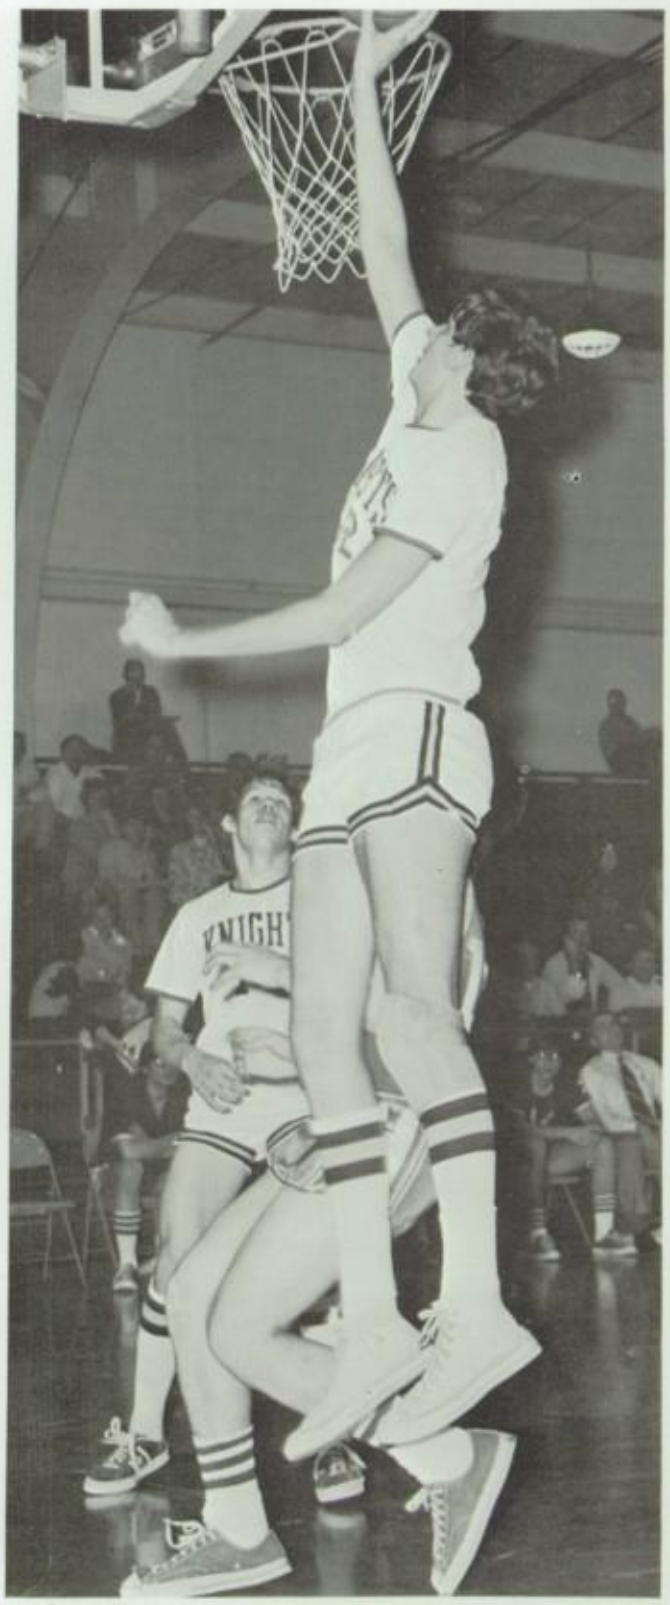
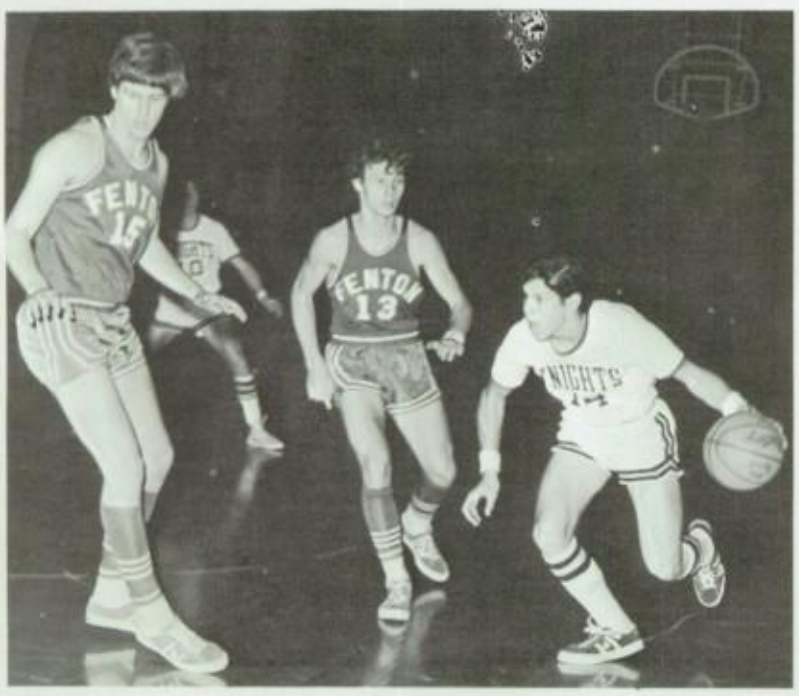
J.V. Works on Perfection

Coach Waddell commented that "The goal of the J.V. team was to develop good habits and to execute the basic fundamentals and to develop the proper attitude to be a successful person and athlete." Ken Kamptner, Jim Borowski, Wayne Pollitt, Mark Larsen, Norm Landrum, and Don Barth all did a good job coming off the bench. Larry Olsen and Vince Andriola were this year's captains and Most Valuable Players. The Most Inspirational player was Jim Borowski. "Several of the players will play a lot of basketball next year on Varsity."





Sophomores Are No. I!

P.H.D.-Pride, hustle and desire was this team's motto "because they were small and had to live up to this motto if they were to become champions" commented Coach Jerry Lange. The team set the record of becoming the only basketball team to win a conference in the history of West Leyden. The captains were Dan Kvistad, Joe Zelasko, Most Valuable Player was Lenny Gulino. Most Inspirational was Tom Schneider. Most Improved ball player was Ron Rollins.

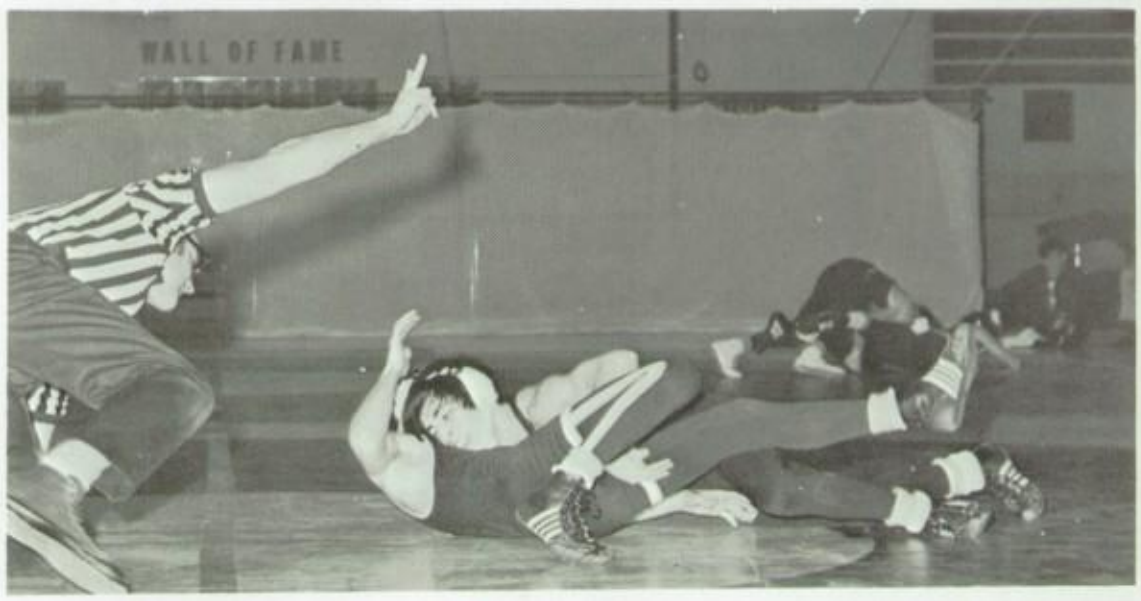
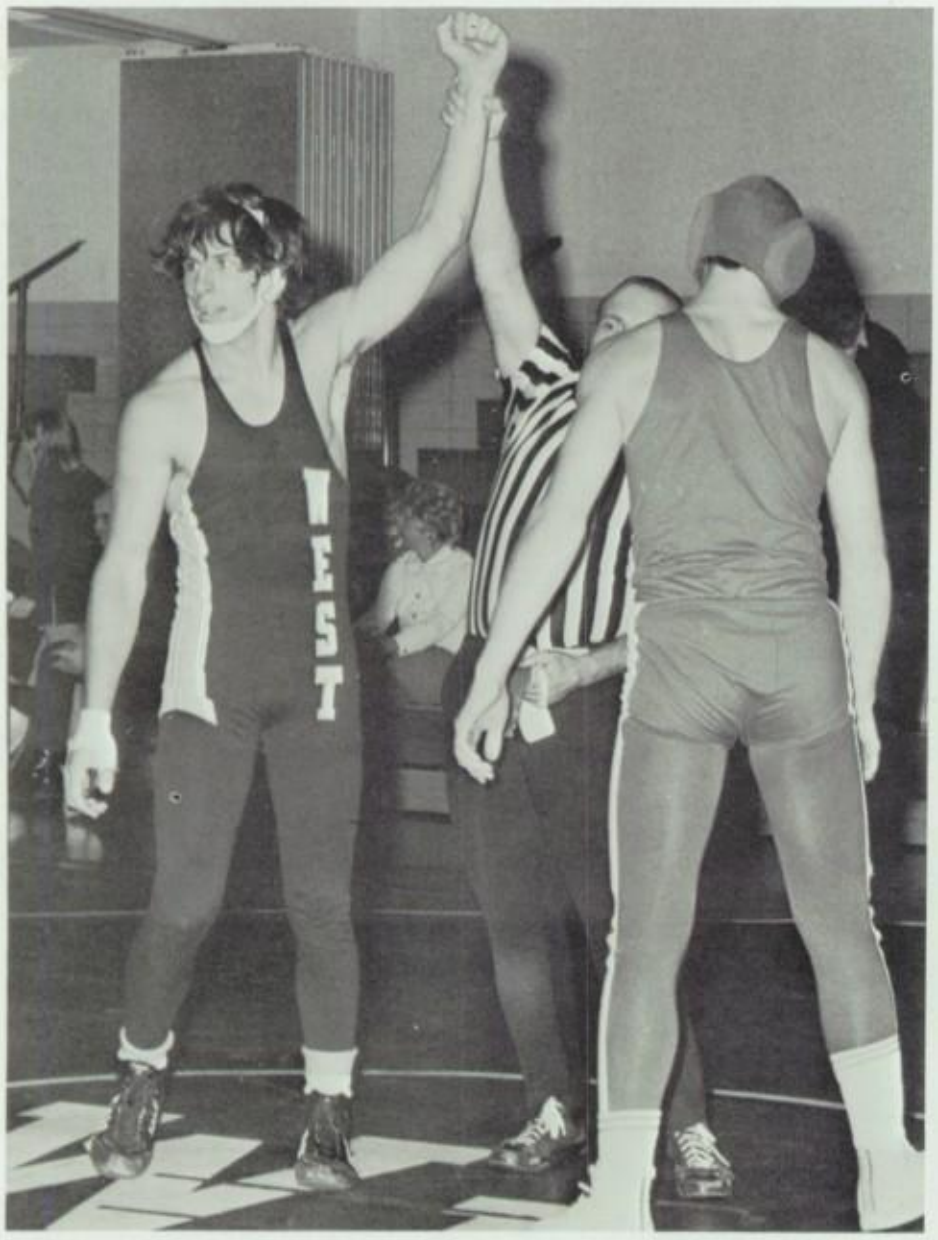
Varsity Takes 3rd

Rick Takes State

The varsity team came out strong with some outstanding individuals. Five wrestlers made All-League, Joe Caporusso, Rick Almada, Ed Perry, Mike Forsythe, Ben Latoria. Mike Forsythe and Ben Latoria were Hinsdale Central Champs. Ben and Rick Almada were Waukegan Champs.

Rick Almada, Team Captain and Most Valuable Player, is West Leyden's first State Champion. Rick started his freshman year 12-2. His Sophomore year he was 18-4, taking second in Districts and becoming Waukegan Champ. His junior year he was 26-2 at 105 pounds. He was Waukegan Champ, District Champ, Des Plaines Valley Champ, and Sectional Champ. His senior year he had a 37-2 record at 112 and 105 pounds. He was champ of the Waukegan Tourney, Districts, D.P.V.L., Sectionals and Illinois State Champion.





J.V. Finishes Second

The team finished the season with a 10-3 overall record. They took second place in the East Leyden J.V. Tournament. The upper weights proved to be the strongest with Dubinski, Patti, Baron, Kingsmill, and Grano. Their record seems to stabalize their chances for next year.

Left- Jim Hartney, 18-7-2, had 22 take downs and 7 pins. Below- Ben Latoria with a 23-5 record tallied 90 points. Opposite Page- Middle- Rick Almada, **STATE CHAMPION**, led the team with 104 points giving him a 27-2 record. Bottom- Rick Alamda had 21 near falls, 49 take downs, and 9 pins.

Strong Individuals

The varsity swimming team, coached by Rich Russell, "was the smallest and youngest team with one senior and seven juniors." A school record was established by Mike Vemis swimming the 50 yard freestyle in 23.8. The captain was Ken McPhillips.

The Sophomore team had many solid swimmers. Bill Behnke holds three school records including being the league champion in the 100 yard Butterfly with a time of 1:03.3. Mark Baran was very successful in the 200 and 400 yard freestyle events. Dan Slater swam the 50 and 100 yard freestyle remaining undefeated until very late in the season.

Well-rounded Season

The Freshman swimming team had a well-rounded season with a 7-4 record. "The team was much closer," commented Coach Boho. By working together several swimmers became conference champs in the 200 yard medley Relay, Rich Noschese, Don Slater, Jim Wallentin, and Vince Realmuto. Rich Noschese was also a conference champ in the 50 yard backstroke, Jeff Firlinger has a time of 1:39.4 in the 150 yard Freestyle and 3:38.8 in the 300 yard freestyle, John Mudaro and John Lestina became members of the 110% club.

Building New Team

"The varsity team was basically individuals trying to excel," commented Coach Bob Brown. "When the season starts with little prospect for victory and boys still show, you know you have a group that are self motivated. Senior Frank Mallo consistently performed well on the still rings with a season average of 7.3." Other performers who show promise for next year are Mike Beck, Tony Riemma and Ron Silich. "Because of the regression we suffered the past two years, it will take two years to rebuild, but we are optomistic."

The Sophomore team improved with the help of assistant Coach Heyman. The team came up from a 1-12 record to a 7-7 record putting them in 4th place for the season.

PRIDE

Dear Dad
Joe
You have
been the
greatest
influence
all year
helped me
needed help
you are always
there
Thanks for
everything
Diane

Dear Dad
I think
of me in
for School
years

and the girl you love
Remember a smile
because

a like
with you
You like ever
and want to
as you are
Thanks for
everything
Diane
